to Von Bernstorff

REFER MATTER TO BERLIN

Resulting Formal Communica-
tion is Expected to Arrive
from Germany in Six Days

NO CHANGES BY AMBASSADOR

WASHINGTON, Feb. 8.—In substance, the tentative communication from Germany designed to settle the Lusitania case is acceptable to the United States. High administration officials consider that this government in prevailing upon Germany to make the concessions and agreements as set forth in the document has achieved recognition of all the high principles for which it has contended in connection with submarine warfare.

Minor Changes Are Suggested.

While the substance of the proposed communication admittedly is satisfactory, minor changes to clarify the wording and in connection with the form which the formal document shall take were suggested today to Count Von Bernstorff, the German ambassador, by Secretary Lansing.

The desires of the United States in this connection were made known to the ambassador after President Wilson had discussed the situation with his cabinet. Count Von Bernstorff immediately informed the secretary that he saw no reason why the changes could not be made, but explained in effect, that as a precaution, he thought he was justified in submitting the entire matter to his government for final approval. He did so in a despatch sent to Berlin tonight and within about six days the resulting formal communication is expected.

Lansing Insistent on One Point.

Secretary Lansing insists, it is stated by high authority, that it shall be stated specifically in the communication that it is in answer to the American note of July 31. This and changes deemed necessary to clarify certain portions of the document, administration officials thought, Count Von Bernstorff himself would be able to make.

The ambassador, however, decided not to even change the punctuation of the document without the approval of his government. He had not deemed it necessary, it is said, to include the statement that the communication was in answer to the American note, considering that the same end would be accomplished by submitting it in the form of a memorandum. Administration officials, hold however, that to keep the record straight, if for no other reason, mention that the communication is a reply should be made.

The ambassador as yet does not know whether his government wants him to sign the formal note or whether it is desired to have the secretary of foreign affairs do so. This phase has been submitted to Berlin.

Would Not Alter Meaning.

Assurances were received in high diplomatic and official circles that the changes of wording suggested would not in any sense alter the meaning. No modifications, it was authoritatively stated were suggested in connection with the phrase substituted for the word "illegal" which the German was unwilling to use.

In Teutonic diplomatic circles not the slightest difficulty over the proposed changes is anticipated. In fact, it is said, Berlin officials probably will immediately authorize them, none of them being of a nature to require more than passing consideration. Apparently some of the changes consist merely of substituting one word for another, changing the position of one phrase of a sentence without changing even the words and striking out words, which in their translation from German to English make the language unusual.

Developments came rapidly today. Secretary Lansing went to the white house an hour before the time set for the meeting of the cabinet to discuss with the president in detail the tentative communication and analysis the meaning of the words employed.

President Submits Proposal.

When the cabinet met the proposal was submitted by the president. Late this afternoon Count Von Bernstorff, who earlier in the day had requested an appointment, was called to the state department by Secretary Lansing. The two remained closeted in the secretary's office for more than half an hour. The secretary outlined the wishes of the United States in detail. As the ambassador left the building he said: "Everything is substantially all right, but it is not finished."

A high official of the administration made this announcement: "A settlement of the Lusitania is in sight probably within the next few days. The United States has not increased its demands, it has not re-

MEMBERS OF DEMOCRATIC COM-
MITTEE MEET IN ST. LOUIS

Arrange Details for National Con-
vention—Agree in Advance Not to
Select a Temporary Chairman—
Discuss Reed as Possible Choice.

St. Louis, Feb. 8.—That President Wilson would be renominated without opposition was the consensus of opinion of members of the subcommittee of the Democratic national committee, who met here today to arrange details for the Democratic national convention. The committee members were not so certain, however, that Vice President Marshall would be renominated.

The committee agreed in advance of the meeting not to select a temporary chairman today and that task probably will not be taken up until May. Senator James A. Reed of Missouri is being discussed as a possible choice.

Robert Ewing, publisher of the New Orleans States-Picayune, was appointed chairman of the press committee for the convention and James Preston, sergeant at arms of the press gallery of the United States senate was appointed vice chairman. Chairman McCombs said to newspapermen today that President Wilson would be renominated and that no opposition to him had developed in any quarter. Several committee members expressed the opinion that the president had won the support of the country to his preparedness program.

The committee adopted a resolution to invite former national committee members to attend the convention as honor guests with credentials to be supplied by national committee men.

Charles Boeschstein of Illinois was appointed a member of the subcommittee on tickets and badges and W. W. Marsh of Iowa was given a place on the subcommittee on hall and decorations.

ANNUAL CONGRESS ON MEDICAL EDUCATION AND HEALTH CLOSES

No Definite Action Is Taken on
Question of National Board of
Medical Examiners.

CHICAGO, Feb. 8.—The annual congress on Medical Education and Health closed here tonight without definite action by the delegates on the important question of a national board of medical examiners. The question, it was said, will be a feature of next year's meeting.

Dr. Francis C. McCrudden of the Medical School of Tufts college, who was among those who addressed the congress today, asserted that instruction in therapeutics in American medical colleges is incomplete and inefficient. He suggested that the gap between pharmacology and clinical medicine ought to be bridged by an independent course.

The American Medical association's efforts for more accurate and systematic methods of registration of births and deaths were praised by Dr. W. K. Kerr, assistant surgeon general of the United States public health service. Dr. Kerr mentioned a number of states which, he said, have amended their laws in this respect for the better.

REPORTS FROM FLOODED DISTRICTS OF ARKANSAS MORE OPTIMISTIC

LITTLE ROCK, Ark., Feb. 8.—With water falling in the big lake in southeastern Arkansas, caused by the breaking of Arkansas river levees and with the Mississippi levees still holding against the slowly rising stream, reports from the flooded districts of Arkansas tonight were much more optimistic than for many days. The Mississippi at Arkansas City at 7 o'clock tonight had reached a stage of 51 feet and still was rising. It is believed the levees will hold 57.4 feet. Gangs of men working in relays continued to toil incessantly strengthening the levees.

ROAD TO BUY LOCOMOTIVES

Springfield, Ill., Feb. 8.—Permission was given the Cincinnati, Indianapolis & Western railroad by the public utilities commission in an order issued here today to join in a trust agreement with the Equitable Trust company of New York as trustee for the acquisition of forty locomotives to cost \$700,000. The road is to pay \$140,000 cash and the rest will be cared for thru trust certificates.

CHICAGO VOTERS REGISTER.

Chicago, Feb. 8.—Men and women voters to the number of 105,329 registered for the aldermanic primaries today. Added to the registration of last March and making no allowance for registrations, which may be found illegal, voters eligible for the primaries now aggregate 347,626. There were 74,749 men and 30,771 women registered today. The large registration last March was due to the impending mayoralty election. An aggregate of 769,106 registered at that time.

deduced them. You can draw your own conclusion as to the basis of the agreement. The wording proposed by Germany appears to cover the position of the United States. It is not fair to assume that there will have to be any further admissions or concessions from Berlin."

MAKE PROGRESS ON PREPAREDNESS

Senate Military Committee
Closes Hearings On
Army Bills

FAVOR ARMORPLATE BILL

Naval Body Recommends Im-
mediate Passage of Two Emer-
gency Naval Measures

PACIFICISTS OPPOSE INCREASE

WASHINGTON, Feb. 8.—Congress made progress today on national preparedness measures.

The senate military committee closed its hearings on the army bills. The senate naval committee reported favorably a bill for a government armorplate factory, and recommended immediate passage of two emergency navy measures which passed the house yesterday.

Virtually Concludes Examination.

On the house side of the capital the naval committee virtually concluded its examination of Rear-Admiral Blue, chief of the bureau of navigation, while the military committee received the proposals of the American Red Cross for greater government aid in Red Cross preparedness plans.

During the day the military committee of both houses heard delegations of pacifists who argued against any army or navy increases. The most striking statement brought out at any of the hearings was that of Admiral Blue who declared the American navy now was ready to meet any enemy it might be called upon to encounter in the Pacific. He declined to say what steps had been taken in the last year and half to prepare the navy against emergencies, holding these to be military secrets. Chairman Padgett supported Admiral Blue in his determination not to reveal departmental secrets, overruling Representative Britten's attempt to find out as he expressed it, whether the navy is now ready to fight.

May Begin to Prepare Bill.

Mr. Britten asserted that the general board had warned the department a year ago that it should prepare and he wanted to know just what steps had been taken. The senate military committee probably will begin tomorrow the preparation of the bill it will propose to build up adequate land defenses. Present indications are that the administration's plan to create a federal volunteer army to be known as the continental will be included in this bill in some form. There will be provision for a re-organization of the regular army, and Chairman Chamberlain and several of his committee members will urge a permanent force with the colors, of more than 200,000 men as against Secretary Garrison's recommendations for a skeleton organization of 140,000.

The house military committee will complete its hearings probably next week. The continental army scheme many committee members believe will be abandoned in the bill it will submit in favor of measures designed to federalize the national guard under military pay provisions.

The naval committee of the senate is not expected to take up the appropriation bill dealing with the preparedness building program until the house committee is well advanced with its work.

Discloses Source of Statements

Today's examination of Admiral Blue disclosed the source of the statements contained in Admiral Fletcher's last annual report that the Atlantic fleet was short 5,000 men of its proper complement.

Various boards of fleet officers determined upon the number of men thought necessary for vessels of each type a year ago, Admiral Blue said, and this greatly increased the number for each ship. Admiral Fletcher based his statement on these figures, he added, and the shortage under authorized complements was less than 1,000, which had since been remedied.

Chairman Padgett announced that Secretary Daniels had directed a board to standardize battle stations on all fighting craft as a means of getting an authoritative basis for estimates.

Admiral Blue explained that peace complements were fixed under a definite rule which provided among other things for men enough to man all the big guns and one-half the secondary battery of a ship. He refused to give details of the plan except confidentially.

Representative Callaway brought about statements that should the proposed five year building program be approved, 28,000 additional men and 15,000 additional officers would be necessary within eight years. As it is now Admiral Blue said the navy will need 15,000 men by 1919 to man ships already authorized and should have 15,000 reserves to provide against casualties.

PRISONER REVIVES TWELVE HOURS' AFTER BEING PRONOUNCED DEAD

TULSA, Okla., Feb. 8.—Twelve hours after he was found hanging from a cell in the county jail here and pronounced dead, Thomas Murphy revived today in an undertaker's shop. Tonight physicians said he had an excellent chance to survive and stand trial on a charge of first degree murder, which caused his incarceration.

Murphy was found hanging from the ceiling of his room last night with an improvised rope twisted so tightly about his neck that officials ordered the body prepared for burial.

BEGIN DETERMINED FIGHT AGAINST PENDING NICARAGUAN TREATY

WASHINGTON, Feb. 8.—Republican senators aided by Senator Clark Democrat, of Arkansas, began a determined fight in an executive session of the senate late today against ratification of the pending treaty with Nicaragua. For three hours Senators Borah, Smith of Michigan, and Clark argued against the treaty and urged passage of a motion by Senator Borah that discussion of the treaty and also of the proposed Colombian treaty which is to follow be held in the open senate.

No vote was reached on the motion, but the attempt to abandon executive sessions will be decided tomorrow.

Are Ejected Later

BALKANS SEEMINGLY QUIET

Artillery actions between the French and British and the Germans continue at various points on the Franco-Belgian front, but there have been no important changes in positions anywhere. Nor have the Germans yet begun the great offensive for which they are reported unofficially to be preparing.

Heavy fighting has broken out again in East Galicia. All along the front the artillery has been very active. The Russians succeeded in penetrating the Austro-Hungarian lines but were ejected later according to Austrian headquarters.

In the Balkans seemingly all is quiet. Austrian warships in Adriatic have ineffectually attempted to torpedo a British cruiser and French torpedo boat which were aiding the Serbian army in its evacuation of the Adriatic coast.

A Teuton submarine also attempted to sink two entente allied vessels off Durazzo but the torpedoes missed their mark.

Owing to the advice of his physicians King George, who is convalescing from the injuries sustained by him in France, will not re-open parliament in person next week. The session will be opened by means of a royal commission.

Rapports Two Zeppelins Lost.

Amsterdam, via London, Feb. 9.—The Echo Helge publishes a report that two Zeppelins have been lost near App in Mainault. The first collided with a tree top, while returning from a raid on Paris on January 30th. The second was brought down by a French airman within a few miles of the same place.

Eighty Zeppelins in Service.

Berne, Switzerland, Feb. 8.—via London—Eighty Zeppelins are now in the German service, it appears from information developed at Friedrichshafen, where the Zeppelin works are located.

One of the latest type that is having a trial trip this week is LZ-95, which is taken here to mean that it is the 95th in the series dating from the beginning of the war 15 having been lost, it is said today. The newest model seems considerably longer than previous types. It is of sea-like shape and gray tinted by the means of aluminum powder. Each has six machine guns in its quick fire battery and apparatus for throwing bombs and air torpedoes. It is reported that a new air torpedo more powerful than any previously used is about to be given a trial.

The motor works connected with the Zeppelin plant, test each motor by requiring that it run 48 hours without stopping and without developing any defects.

Rene Besnard Resigns.

Paris, Feb. 8.—Rene Besnard, under secretary of state for aviation and aeronautics has resigned.

Some of the alleged short comings of M. Besnard's department have recently been publicly criticized in chamber of deputies and have been referred to as the "aviation crisis."

The decision of M. Besnard to resign came yesterday after the meeting of the parliamentary committee before which the under-secretary was cross-questioned, the session being marked by repeated clashes between M. Besnard and members of the committee it is reported.

The government has decided not to appoint a successor to M. Besnard. The aviation department hereafter will be under the control of the minister of war who will chose a director.

DANISH PRINCE IN CHICAGO.

Chicago, Feb. 8.—A prince of Denmark, on the way to Canada to take up scientific farming of northern wheat fields, registered today as "Erikson Copenhagen" at a Chicago hotel. He refused to meet newspaper men, but a friend with whom he was traveling, Axel C. P. Wickfield, said that the agricultural field was the sole object of the visit and that the name of the prince was Erik Frederick Christian Alexander.

REQUESTS ARE REFUSED.

Des Moines, Ia., Feb. 8.—Requests made by Illinois stockmen and O. E. Dyson, state veterinarian of Illinois, that the Iowa embargo placed on Illinois cattle because of the foot and mouth disease be raised were refused late today by the Iowa Animal Health commission.

SEVEN MEN ARE KILLED IN MINE EXPLOSION

BLAST HURLS ABOUT ONE HUNDRED
MEN IN ALL DIRECTIONS

Two Are Seriously Injured, But Are
Expected to Recover—Rescuers
Bring Imprisoned Miners to Sur-
face After Several Hours' Work.

Wilkes Barre, Pa., Feb. 8.—Seven workmen were killed and two injured by a gas explosion in the Ross vein of the Lehigh & Wilkes Barre Coal company at Plymouth late today. All the victims were of foreign birth and several of them left large families.

The injured, altho seriously hurt, are expected to recover. It is believed that some of the men were killed by black damp which followed the explosion. The cause of the explosion has not been definitely determined.

About one hundred men were in the mine when the explosion occurred. They were hurled in all directions. Wreckage made it impossible to move the carriages in the shaft.

A large rescue squad after several hours' work succeeded in forcing an opening thru the wreckage and bringing the imprisoned miners to the surface.

HEAD OF EASTERN HARDWAREMEN URGES DEALERS TO ADVERTISE

PITTSBURGH, Pa., Feb. 8.—"Advertise" was the keynote of an address by President Matthias Ludlow of Newark, N. J., at the opening session of the fifteenth annual convention of the Pennsylvania and Atlantic Seaboard Hardware Men's association here today.

"Advertise! The local field is yours," said President Ludlow. "An advertisement in your local papers will carry your message into hundreds of homes. Let the people know what you have for sale. This can only be done by advertising. Do not count on for much unless people know about you—Advertise!" Five hundred delegates are present.

BEGIN TRIAL OF MRS. MEYER BEFORE JURY OF ELEVEN MEN

WINTERSET, Iowa, Feb. 8.—Before a jury composed of only eleven men, the giving of testimony was begun here late today in the case of Mrs. Ida Meyer the sixty year old woman charged with complicity in the murder of her daughter-in-law last July.

After nearly exhausting a panel of 76 veniremen the jury finally was completed about the middle of the afternoon. However one of the jurymen J. H. Lathlum was excused at the last minute with consent of counsel for both sides. The entire trial will be conducted before only eleven jurymen.

This is believed to be the first time in the history of Iowa that a criminal trial has been conducted before an odd but full jury. Some doubts have been expressed as to the constitutionality of the procedure.

COLORED WOMAN

112 YEARS OLD DIES.

Mt. Pulaski, Ill., Feb. 8.—With a record of sixty years as a slave, Mrs. Frances McDonald, colored, and supposed to have been the oldest colored person in Illinois, died here late last night at the age of 112 years, five months and 23 days.

The former slave was born on the tobacco plantation of Captain Robert Berry in Calloway county, Missouri. Once in her career she was forced to cook a meal for Frank and Jesse James, the bandits.

DEPRECATES DEMANDS FOR WAGE INCREASES

Washington, Feb. 8.—Demands of railway employees for higher wages and the general tendency toward the eight hour work day were deprecated as checks upon the development of industry by Howard Elliot, chairman of the board of the New York, New Haven and Hartford railroad, in a speech tonight before the Chamber of Commerce of the United States.

CONTENDS APPAM IS ENTITLED TO REMAIN

Washington, Feb. 8.—Germany contends that the British liner Appam, brought to Hampton Roads by a German prize crew, is entitled under the terms of the Prussian-American treaty, to remain in American waters indefinitely, and in support of her position Count Von Bernstorff, the German ambassador, today presented to Secretary Lansing a formal communication on behalf of Berlin office.

WILL ATTEMPT TO PREVENT OUTBREAK

Flagstaff, Ariz., Feb. 8.—Thomas A. Flynn, United States district attorney, and other government officials arrived here today from Phoenix to organize a posse to go to Tuba and prevent a threatened outbreak among the Hopi Indians. The trip to the reservation probably will require several days as the intervening country is covered with a deep snow.

ANDERSON OUTPOINTS SMITH.

St. Louis, Mo., Feb. 8.—Robert Anderson of Duquoin, Ill., outpointed Matty Smith of Racine, Wis., in an eight round bout here tonight. The men weighed in at 133 pounds.

INDICT GERMAN AND TURK DIPLOMATS

Federal Grand Jury In San
Francisco Votes Thirty-
Two True Bills

NAME THREE CONSULS

Charge Bopp and Von Schack
With Conspiracy in Plot to
Cripple Munitions Output

ACCUSE BOPP OF BEING LEADER

WASHINGTON, Feb. 8.—Weeks of investigation by agents of the Department of Justice resulted in the voting of indictments today by a federal grand jury in San Francisco against prominent figures in what are considered here to be two of the boldest plots involving questions of American neutrality that have been uncovered since the European war began.

Name Three Teutonic Consuls. Among those whom indictments were voted against, according to a message received here, are Franz Bopp, German consul general; Baron E. H. Von Schack, vice consul of Germany, and Maurice Hall, the Turkish consul general.

Consular officers do not enjoy the diplomatic immunities which ambassadors, ministers and attaches are given by international law, but are subject to the jurisdiction of the country in which they are resident and may be treated by the law as are any other persons. The indictments voted today, however, are the first which the American government has attempted to secure against any foreign representatives. This fact was taken to mean that hereafter the administration means to prosecute wherever possession will lie any violation of American neutrality.

Bopp and Von Schack are charged with complicity in the plot which was first uncovered several weeks ago with the arrest of C. C. Crowley, alleged to be a pro-German agent, who had undertaken to cripple the American output of munitions of war and in other ways to help the cause of the Teutonic allies.

Accuse Bopp of Heading Conspiracy. Bopp is accused of being the head of a conspiracy which hoped to accomplish this end by interfering with trade in munitions and preventing railway shipments by blowing up two tunnels on Canadian roads. The German officers are being proceeded against under the Sherman anti-trust act in connection with their alleged activities against American plants and under a section of the penal code aimed at the setting on foot of military expeditions against a friendly nation in connection with plans to blow up Canadian railway tunnels.

The indictment of the Turkish consul general was voted in connection with the use of the steamer Sacramento to supply German ships of war in the South Pacific which ended in the internment of that vessel by the Chilean government many months ago.

According to officials here the Sacramento case is one of the clearest that has come to the notice of the use of an American port as a base of supplies for belligerent warships and of false clearance papers to get the supply ship past the custom authorities.

San Francisco, Feb. 8.—News from Washington of the indictments of foreign consular officials were anticipated by at least two days the prospect of a report from the federal grand jury. Officials admitted that indictments have been voted against Franz Bopp, consul general for Germany; Baron F. H. Von Schack, vice consul for Germany; Henry W. E. Kauffmann, chancellor of the German consulate; Maurice H. Hall, consul general for Turkey; Fred Jensen, former owner of the steamer Mazatlan; Johannes H. Von Koerbergen, alleged agent of the German consulate; Dr. Simon Remer, said to be a German navy officer, and "Frederick Williams," thought to be a fictitious name.

In all, thirty-two indictments were voted, charging violations of neutrality, it was said. Five of these having to do with bomb plotting include the names of Bopp and Von Schack.

The growth of public sentiment in combating tuberculosis is well illustrated by the fact that in Michigan a knowledge of preventive measures against tuberculosis has been made a qualification of teachers. Still another evidence of this feeling is the fact that the state department of public instruction there has prepared five lessons on tuberculosis to be taught in the schools and colleges of the state during the week beginning March 6. Statistics compiled show that tuberculosis is much more prevalent among city school children than in the rural districts. The death rate per 100,000 for tuberculosis, based on one year's figures, was 61.2 among city children and 30.5 among children in the rural schools.

Congress Opposed to Wilson Plan

President Wilson's defense plan insofar as continental army provisions are concerned, is due to defeat. This fact is very apparent from a poll of the members of congress recently completed by the Chicago Tribune. Only twenty-four members expressed their willingness to support this idea of the president. While so few favor the idea of a continental army of volunteer citizen soldiers trained two months annually for a period of three years, a majority favor increasing the efficiency of the national guard under federal direction. When the president came out strongly for an increase in defense he made a radical departure from his former plan and now it is evident that he must revise this program. Judged by the changes already made a comparatively simple matter.

Those Misrule Years.

When one studies the record of the present Illinois administration, not confining the inquiry to the governor, but taking in other elective officers as well, the reference in the resolution passed at the Democratic congressional convention to "twelve years of Republican misrule" sounds like a joke. Governor Dunne has done some good things during his term of office but it will not do to make too close a scrutiny of the record of all the official family.

During the "twelve years of misrule" the appropriations for government expenditures were less for each biennial period by millions than the amount expended under Democratic management. No constructive legislation of undisputed worth can be claimed by the state Democracy and

SPRING COMING.

The winter winds and slings its snow, the wind is keen and frost is king. Cheer up, for soon will blow the soft and balmy airs of spring. Your whiskers now are frozen stiff, it is a bleak and bitter day; your ears are cold, but what's the diff? Before you know it, 'twill be May. The tempest batters at the door, the night wind wails a dismal tune, but in three shakes, or maybe four, you'll wade around knee deep in June. And thus it is with every grief; it hurts our corns, but soon it's sped; the darkest, coldest night is brief, and sunshine glitters just ahead. My feet are frozen hard tonight, and yet I am a cheerful scout; I know that spring will come, all right, and April winds will thaw them out. It's true the wintertime is filled with things that bring my spirit care; but in the spring the birds will build their nests among by beard and hair. Let winter roar and do its worst; the gentle spring will soon be here, when winter griefs like bubbles burst, and in the azure disappear.

Just arrived, call and get it at Hillerby's.

Canadian Finances—and Ours

A report from Canada states: "The revenue of the country for the nine months ending December 31st, last shows the satisfactory increase of over \$22,000,000, which the expenditure marks the still more satisfactory decrease of over \$11,000,000." The total improvement compared with last year is \$39,000,000. The report says: "From the experience of the closing month of 1915, there is every reason to expect that this improvement will continue, and that the end of the fiscal year on March 31 next will exhibit a still more favorable result." Canada is supplying her share of men and money to the European war. The United States is propping by the war even the Democrats laid a war tax on us, and contemplate further taxation of war profits. Yet the Canadian treasury is in fine shape, while the United States Treasury is in hock. Canada has economized in her governmental expenditures. The United States, under a Democratic administration, has been more extravagant than ever in the history of the country, despite Democratic platform pledges of economy. Canada has a protective tariff. The United States, in control of a minority party, has not. These are the answers.

Starts New Year.

The Jacksonville Chamber of Commerce has started on another year in a very auspicious way. John J. Reeve, who has twice served as president, was re-elected by unanimous wish of his associates. Mr. Reeve was led to again accept the office because he feels that by so doing he may be of some real service to Jacksonville. The office of president is not without responsibility or labor, and the man who holds down the position successfully must meet many situations with tact and discretion. Mr. Reeve's connection with the presidency has served to popularize the Chamber of Commerce and he has filled the office with great credit to himself and to the organization. H. Jay Rodgers who was the unanimous choice of the directors for secretary, will enter upon his work in about two weeks and will bring to the position a large amount of enthusiasm tempered by enough experience to give the expectation that he will prove a wise choice. Mr. Rodgers since leaving school has held a bank position but has found time to identify himself with a number of public enterprises and has shown exceptional ability along many lines. He is succeeding as secretary, Carl H. Weber, to whom in large degree the success of the past year and the auspicious beginning of the new are due. Mr. Weber will leave the position with an excellent record made.

Illinois and Senator Sherman.

State Democrat: There will be no claim of bossism, or machine work, arising out of the action of the Illinois State Republican committee in adopting resolutions favoring the presidential candidacy of Senator Sherman. Such action reflects the party opinion of the state. No other Republican has been seriously discussed in connection with the nomination. It will be gratifying to Illinois Republicans to find that none now will be, since the action taken by the committee grows out of a compromise of differences along lines of state politics which at one time threatened to disturb harmony.

The committee at Chicago also endorsed eight candidates for delegates at large. This work was more in the nature of what is called "making a slate" and may be more open to objection by other candidates for that honor and their personal followings. Any differences of opinion which may possibly arise on such points can now in no way affect the solidarity of the party in Illinois behind the Sherman candidacy for the presidential nomination. The names said to have been agreed upon for committee support include leaders of both elements in the party which divided its strength in 1912 and gave Mr. Wilson the Illinois electoral vote, altho he was in a minority of over 200,000. That breach appears to have been well healed in the making of the committee's selections, a fact which will probably commend them to general party favor.

The resolutions adopted are modest in commending Senator Sherman to the national party as "one whose mind has been trained to meet and solve legislative, executive and governmental problems, who intelligently investigates and having formed a conviction is fearless in the performance of his duty." It can be added that, in the performance of his duty, as he has seen it, the Illinois senator has never at any time allowed himself to be swept, either in a radical or conservative direction, so far away from public right and interest as to become identified with any faction. This, in the last analysis, may be found a great source of strength for his candidacy at Chicago.

LOCAL CAMPAIGN BEGINS.

Francis M. Brewer, proprietor of the Dunlap house, is letting his friends know that he will be a candidate for circuit clerk and recorder of Morgan county, subject to the decision of the Republican primary Sept. 12. Mr. Brewer has lived in Morgan county for a long time and is especially well known in Waverly, which was his home for some years. He was a member of the city council there and in the primary election for commissioner in Jacksonville in 1915 was fourth in the list of twenty-seven candidates. Mr. Brewer's announcement will probably be the beginning of greater activity for county offices.

HIGH SCHOOL MINSTRELS DELIGHT LARGE AUDIENCE

Students Furnish Ample Entertainment With a Three Part Program—Fred Goodrick Director of Minstrels.

"Played to capacity" was the verdict by the audience at the auditorium of the David Prince school building Tuesday evening when the high school minstrels under the leadership of Fred Goodrick delighted a fine audience.

Every chair was taken, and 134 additional seats had to be provided and all were occupied by an audience that was not at all slow in manifesting hearty approval of all that was done. The program as printed was mainly carried out by Miss Edna Hackett was substituted for Miss Gladys Andre, soloist, on account of the illness of the latter and the young substitute acquitted herself most creditably. The affair was for the benefit of the high school association and a neat sum was realized.

A feature of the occasion was the electrical flag kindly loaned by W. B. Miser, head of the Jacksonville Street Railway company. The affair is a flag unfurled in all the glowing national colors and supplied with a large number of bulbs and when lighted is superbly beautiful. It was suitably displayed at the back of the stage and elicited much praise from the vast audience.

The work of the end men in the minstrels was very good and the jokes were mostly new and each making a hit. Dale Boxell proved a capable interlocutor. The makeups were very creditable and showed a master hand at the business. The stage was well dressed and presented an attractive appearance and the dress of the performers not blacked was neat and well chosen.

The J. H. S. orchestra covered itself with glory as usual and came in for plenty of praise while the audience was certainly the most handsome compliment that could have been paid the enterprise and the applause and encores showed how fully the entertainment was enjoyed.

The violin trio by Briscoe, Carpenter and Dunlap was omitted. The whole entertainment was a fine success entitling Mr. Goodrick, director, the orchestra, the performers and all connected with the affair to much credit.

VICTIM OF RUNAWAY IS BURIED IN BLUFFS

Bluffs, Ill., Feb. 8.—Funeral services for Charles A. Jackson, aged 51 years, farmer residing southwest of here who was killed when a colt he was breaking ran away and plunged under a gate. A bar across the top caught Jackson's head and threw him from the horse crushing his skull.

He is survived by his wife and two sons, M. H. Jackson of Springfield, and M. W. Jackson of Denver. M. H. Jackson came to Bluffs yesterday from Springfield, to attend the funeral.

RELIEVES OF JOBS; GET THEM AGAIN.

Discovery that the supreme court decision in the Baird case does not apply as originally supposed led the state civil service commission, according to announcement yesterday, to revoke part of its order effective a week ago for reinstating former employees of the state who had declined to take, or who had failed in, "efficiency tests," which the high court declared illegal.

The employees affected are those in the grain department in Chicago. They were removed January 25 to make places for the former employees who months ago were let out because of the operation of the "efficiency test" plan.

Woman's Country Club of Orleans.

The regular meeting of the Woman's Country Club of Orleans was held Tuesday afternoon at the home of Mrs. Ernest Walters with a good attendance. The topic for the afternoon was "Early Colonial Homes and Furnishings" and was to have been presented by Mrs. Arnold, who was unable to attend. The members discussed the topic and answered to roll call with names of Colonial Dames. After the regular program a social hour was enjoyed when refreshments were served. The members enjoyed a sleigh ride to and from the Walters residence.

Missionary Society

Holds Meeting.

The Young Woman's Foreign Missionary society of Centenary M. E. church met Monday night at the home of Mrs. Homer Rowland. Miss Clara Ranson was the leader and papers were read by Mrs. Frank Kitzer and Mrs. T. H. Buckthorpe. Delightful refreshments were served.

MORTUARY

Grimsley.

Mary Ellen Grimsley died at the family residence on Greenwood avenue Tuesday morning at 7:25 o'clock. She had been in poor health for several years but her last illness was of about a month's duration.

Deceased was born in Little Rock, Ark., March 3, 1864. She was married to Alva K. Grimsley in Arkansas, Oct. 27, 1878. She is survived by her husband and the following children: Mrs. Walter Dugger, Franklin, Grover and Fred Grimsley, Franklin; Mrs. J. O. Blackburn and Wayne Grimsley of this city and Mrs. G. G. Duncan of Evansville, Indiana. She also is survived by six grandchildren.

Mrs. Grimsley had been a resident of Morgan county for the past twenty-five years and had resided in this city for the past eleven years. She was a member of Central Christian church, having become a member of that body about seven years ago. She was a woman devoted to her home and her family and was highly respected by all with whom she came in contact.

The funeral will be held from the residence on Greenwood avenue Thursday morning at 10 o'clock. The remains will then be taken to Franklin where interment will be in Providence cemetery.

FUNERALS

Rice.

Funeral services for Mrs. Rachel Rice were held from the residence, 625 South Church street, Tuesday afternoon at two o'clock in charge of the Rev. F. B. Madden, pastor of Grace M. E. church. Music was furnished by Messrs. T. H. Rapp, Marcus Robinson and Asa M. Robinson. The flowers were cared for by Mrs. Adam Ehrigott. Interment was in Jacksonville cemetery and the bearers were: James Burge, John German, Philip Becker and Adam Ehrigott.

Gordon.

Funeral services were held for Abraham M. Gordon, from the Baptist church in Franklin Tuesday morning at 11 o'clock in charge of Rev. A. A. Curry. Music was given by Mrs. Robert Shirley, Miss Della Austiff, George Beskuan and C. E. Williamson.

Interment was made in the Franklin cemetery and the bearers were Frank Tribble, James Haynes, John Tranbarger, Emmitt Branswell, Clarence Harri and John Brand.

SPENDS MONEY FIGHTING SALOONS; DIES A PAUPER

White Hall, Feb. 8.—W. T. Lakin of White Hall, former owner of twenty-one newspapers, died in the Greene county almshouse this morning. He was 79 years old. Lakin was a radical anti-liquor man and his impoverished state is due to the spending of huge sums in fighting saloons.

Lakin is believed to be the world's champion record holder for starting newspapers. He once owned newspapers in Palmyra, Modesto, Carlinville, Waverly and Carrollton, all Illinois towns. He also owned twelve newspapers in Texas, and six in Arkansas at different times. Funeral services were held in White Hall today.

SPECIAL PRAYER SERVICE.

A special prayer service for the preaching mission will be held in the Guild house of Trinity Episcopal church at 7:30 o'clock this evening.

Gums shrinking? Danger ahead!

Go now to a mirror and examine your mouth? Do your gums look "rinsed out," shrunken? Do you see a jagged appearance in the gum-line?

If so, see your dentist. He will tell you that you have pyorrhea, and that to save your teeth you will have to fight this dread disease at once.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company 503 Union Central Building, Cincinnati, Ohio.

J. J. REEVE AGAIN HEADS CHAMBER OF COMMERCE

RE-ELECTED PRESIDENT AT MEETING OF DIRECTORS HELD TUESDAY NIGHT.

H. Jay Rodgers is the New Secretary to Fill Vacancy Caused by Carl H. Weber's Resignation—Department Heads are Named—Reports Made.

At the meeting of the directors of the Chamber of Commerce held Tuesday night John J. Reeve was again chosen president, with W. J. Brady as vice president, E. E. Crabtree, treasurer, and H. Jay Rodgers secretary. All of these officers have served before with the exception of Mr. Rodgers, who was chosen secretary by unanimous vote. There were a number of applicants for the secretaryship but Mr. Rodgers was the choice of the directors because of the activity he has shown as a member of the young men's department and further because of business ability that he has already shown.

Heads of departments were named as follows:

Promotion—M. R. Fitch.
Public affairs—H. J. Rodgers.
Transportation—F. H. Bode.
Rural affairs—F. J. Heintz.
Retail merchants—Frank Byrns.
Finance—Carl H. Weber.

President Reeve accepted his reelection with some reluctance, although he felt that serving as president was in the line of duty because he was the unanimous choice of the directors and urged to continue. The position is one which makes some rather large time demands and Mr. Reeve if consulting only his personal wishes would have preferred to pass the honor along. In response to the invitation from the Women's club a committee consisting of F. J. Heintz, W. J. Brady, H. J. Rodgers, Dr. Carl E. Black and E. E. Crabtree was appointed to attend an organization meeting to be held at Academy hall Feb. 19, at 3 p. m. to make some arrangements for participating in the Illinois centennial celebration in 1918. An invitation was accepted from Manager Brennan of the Pacific hotel to attend an opening there to be held within a few days. Secretary Weber spoke of the splendid hotel facilities now enjoyed by traveling men who visit Jacksonville and referred to the movement now on foot to urge traveling men to spend Sundays in this city.

Mayor Rodgers of the public affairs committee referred to the improved gas and street car service as a result of the activity of the management, and said that when the installation of the new switch board is completed by the local light company, that current troubles will no doubt be eliminated.

F. J. Heintz for the rural affairs committee, told of the progress made in the effort to secure a county advisor and also announced that March 1 is the date fixed for the good roads banquet. At that time Mr. Bradt of the state highway commission, and Mr. Piepmeyer, an engineer for the commission, will be the speakers.

Frank Byrns of the retail merchants' department and Secretary Weber reported the Pay-Up Week movement is gaining hearty support from all classes of people and a very large interest is being manifested. Advertising matter is being posted and distributed and there is every indication that the week will bring many beneficial results.

George E. Doying offered his resignation as a director because he is out of the city most of the time, but the board declined to accept it, preferring that Mr. Doying shall keep his connection with the organization and attend sessions when possible.

COMPLETE NEW COMMITTEE

Washington, Feb. 8.—The new house committee on flood control was completed today by the selection of minority members. It probably will meet tomorrow to arrange plans which already tentatively include a week's inspection of the Mississippi river flood districts from Cairo, Ill., to New Orleans, beginning Saturday. Committee members named today were Representatives Martin, Louisiana; Rodenberg, Illinois; Curry, Calif.; Husted, New York; Kearns, Ohio, and Wood, Indiana, Republicans.

PREDICT 'IMPORTANT DEVELOPMENTS'

St. Louis, Mo., Feb. 8.—"Important developments" in the strike of the Wabash railroad switchmen, who are members of the Switchmen's Union of North America, were predicted for "some time within the next three or four days" by S. E. Heberling, national president of the Switchmen's union, here tonight. Railroad officials today reiterated their statements that the places of all the men who struck have been filled.

INDICT EDWARD VALVE CO.

Chicago, Feb. 8.—Olaf Oleson, president of the Edward Valve and Manufacturing company of East Chicago, Ind., and the corporation itself were indicted today at Crown Point, county seat of Lake county, Indiana, on a charge of taking into the state persons to act as deputy sheriffs and police officers during the recent labor riots at East Chicago. The statutes covering such an offense provide for fine and imprisonment in the penitentiary in case of conviction.

JUSTICE FORMS BASEBALL ORGANIZATION IN ROCK ISLAND

Rock Island, Ill., Feb. 8.—A local organization to bring the Central association franchise of the Keokuk, Iowa club to this city was effected today by M. E. Justice, president of the association.

Under the terms of a ruling by the National Association of Minor Baseball leagues, Mr. Justice had until tomorrow to complete the local organization. Had he failed, title to the baseball patronage of this city would have reverted to the Three I league. President Tearney of the Three I protested the loss of Rock Island, but the national commission has not yet indicated whether it will intervene.

LARGE CROWD WELCOMES NEW ARCHBISHOP TO CHICAGO

Chicago, Feb. 8.—Archbishop-elect George W. Mundelein of the diocese of Chicago arrived today from his former home in Brooklyn. He was met at LaPorte, Ind., by a large delegation of laymen and priests from his new diocese. A large crowd gathered at the station here to welcome him and he was escorted to the archbishop's residence by a long procession of laymen and clergy in automobiles.

MORE THAN SCORE INJURED

Washington, Pa., Feb. 8.—More than a score of persons were injured, two probably fatally, tonight in a collision between a passenger and a freight train on the Wabash Pittsburgh Terminal railroad at Hickory, near here. Gasoline lamps in the smoking car exploded after the accident and both the smoker and a day coach were burned. The cause of the accident has not been determined.

PRESENTS STATISTICS TO SHOW INCREASES

Chicago, Feb. 8.—Statistics to show increases in operating expenses and wages paid by railroads were presented today before G. H. Mattingly, examiner for the inter-state commerce commission, in the hearing of an application of several railroads for an increase of five cents a ton in freight rates on shipments of coal from Illinois and Indiana mines to Michigan and Wisconsin points.

RESOLUTIONS PASSED FOR LATE GEORGE L. MERRILL

Action Taken by Morgan County Bar Association Tuesday—List of Orders Entered by Judge Jones.

In the circuit court Tuesday resolutions were offered in memory of the late George L. Merrill. The resolutions were presented by Julian P. Lippincott, president of the Morgan County Bar Association and were read by Walter Bellatti. At the conclusion of the reading of the resolution remarks were made by J. P. Lippincott, Thomas Worthington, J. O. Priest, J. Marshall Miller, L. O. Vaught, W. T. Wilson, E. P. Brockhouse, Robert Tilton, John J. Reeve, Hugh Green and Judge Norman L. Jones.

At the conclusion of the reading of the resolution and the remarks by the members of the bar the resolutions were adopted by a unanimous vote and Judge Jones adjourned court for the remainder of the morning session.

The most of the day Tuesday was taken up with the hearing of the case of Thomas Lyon vs. Thomas L. Cannon and Catherine L. Cannon. The title of the case was Specific performance. The case was not finished at the adjournment of court Tuesday afternoon.

The resolutions for Mr. Merrill follow:
The Court hereupon suspended all business and Mr. Walter L. Bellatti read the said resolutions:

To the Honorable, the presiding Judge of the Circuit Court and the members of the Morgan County Bar:

We, the undersigned, members of the bar of Morgan county, Illinois, heretofore appointed as a committee to draft suitable resolutions for the bar, expressing their appreciation, esteem and kind recollections of the late George L. Merrill, and voicing the regrets of the bar of this county on account of his untimely death, beg leave to report:

"Be It Resolved by the Morgan County Bar that we are pleased here publicly express our kind regards and appreciation of the personal worth and our professional esteem of the late George L. Merrill, a deceased member of this Bar. It is our pleasure to testify here to his upright and honest purpose as a good man in all his professional conduct, a good lawyer and an honor to the profession.

We further publicly express the sorrow of the bar at his untimely death, at a time when it seemed he had so much for which to live. We would extend to his sorrowing wife and little son our combined sympathy in their great loss in his going hence.

We would recommend that these resolutions be adopted as the resolutions of the Morgan County Bar and a copy thereof be sent by the Secretary to the bereaved wife of our deceased brother, and that the Clerk of this Court be directed to spread the same at length upon the records of this court as a lasting memorial of our esteem for the deceased." (Signed) M. T. Layman, J. O. Priest, Walter Bellatti.

Mr. W. Bellatti, on behalf of the committee moved the adoption of the resolutions.

Mr. Lippincott, president of the Bar Association, spoke in favor of the resolutions. Remarks were made in the order named, by the following members of the Bar Association: to-wit: Messrs. Worthington, Priest, Miller, Vaught, Wilson, Brockhouse, Tilton, Reeve, Green and the Hon. Judge Jones.

The resolutions were unanimously adopted and it was the order of the court that a copy of the resolutions be spread upon the records of this court and as a mark of respect that the morning session of this court stand adjourned.

It was ordered that a copy of these resolutions be sent by the Secretary to the family of deceased.

The following orders were entered:

Peoples.
People vs. James E. Rawlings, Belle Rawlings, Wilse Hettick, Cora Hettick and William S. Denham, arson. Nolle entered by state's attorney.

In the same case charging arson and arson to injure property the same order was entered.

Law.
Bertha Couchman vs. Leona Anderson, case. Plaintiff now being in default of rule entered against her to give security for costs this cause is dismissed.

Ralph M. Ham, by next friend, vs. W. R. Ham, attachment. Court finds the plaintiff's damages to be \$350 Judgment in favor of plaintiff and against defendant for \$350 and costs. Special execution to issue against property to be levied on.

William R. Ham vs. Royal C. Ham, attachment. Plaintiff's damages fixed at \$121.60 and costs and special execution to issue against property levied on to issue.

People of the State of Illinois Ex Rel. Helena Augusta Angell vs. Edward Hill, et al. Petition for habeas corpus. Court finds Helena Augusta Angell has been restored to reason. Judgment that she be discharged from custody and she to pay costs.

Chancery.
Thomas L. Wells vs. Margaret Kelly Wells, divorce. Defendant called and makes default.

PARTITION SUIT FILED.
Emeline R. Paul by her attorney, Thomas Kinaker of Carlinville on Tuesday filed with Circuit Clerk Pyatt a bill in partition against Clara Hippard McGee and Howard H. McGee. The defendants in the suit reside in the vicinity of Woodson.

CONVENTION DELEGATES CHOSEN BY DEMOCRATS

M. F. DUNLAP AND CONGRESSMAN WILLIAMS ENDORSED AT CONGRESSIONAL CONFERENCE

James McNabb of Carrollton Named as Favorite for State Central Committee—National and State Administrations Together With Congressman Rainey Given Stamp of Approval—Effort to Name John Schultz of Beardstown a National Delegate Came Near Spoiling "Harmonious" Session.

Bernard Gause, secretary of the Democratic congressional convention came near throwing a monkey wrench into the machinery when he silently cast the vote of Morgan county in favor of a motion adding the name of John Schultz of Beardstown to the names of M. F. Dunlap and Congressman W. E. Williams, suggested in a pending resolution as delegates to the national convention.

The vote came about on motion of Dr. T. J. Scherer of Beardstown, who had come to the convention as an emissary from Cass county to make definite claim of a delegateship for Mr. Schultz. The regular resolution presented by Mr. Seago of Jerseyville endorsed everybody from president to congressman, named the delegates and alternates to the national convention and endorsed Editor McNabb of Carrollton for the state committee. Dr. Scherer arrived just after the resolution had been read and made his protest in the form of an amendment. Then when this had been supported by A. D. Cullinane of Havana, a roll call was demanded and the secretary proceeded, announcing afterward that the vote was a tie.

Two Votes From Morgan.
Judge Owen P. Thompson declared that the Morgan county vote had been overlooked but Mr. Gause replied that he had cast the ballot for Morgan county, voting in favor of the amendment. Judge Thompson's reply was a question addressed to Haller Higgins, "How do you vote, Mr. Higgins?" And then came a loud vote for Morgan county "No."

Chairman Williams of Carrollton was equal to the occasion and evidently his county was "in" on the combination which controlled the destinies of the convention. He declared the vote a tie and for that reason the motion was lost. Because of this prompt and correct ruling it did not become necessary for the convention to pass upon the authority of which Mr. Gause voted "yes" in behalf of Morgan county, and Mr. Higgins voted "no." Aside from this little flurry, which came uncomfortably near the trouble making point, the convention affairs ran smoothly indeed.

The first ripple on the calm surface appeared when Bernard Gause, who was acting as secretary, following the reading of the resolution, which included all the endorsement and nominations, declared that too much railroading of such resolutions had been done at previous congressional meetings and that a greater degree of harmony would prevail if the committee members were given more of a chance to indicate their choice of delegates. He suggested that the endorsement of President Wilson and Governor Dunne should be acted on first, leaving the remainder of the resolution for future consideration. This motion received no second, but Dr. T. J. Scherer of Beardstown added some fuel to the flame by stating that he was present to present the name of John Schultz of Beardstown, who desired to be a delegate to the convention and had some basis for such a suggestion. The Cass county man then made the motion that Mr. Schultz's name be endorsed for delegate along with those of Mr. Dunlap and Mr. Williams.

Roll Call Demanded.
The chairman, Frank Williams of Carrollton, said that the committee would be in a somewhat awkward position if three persons were endorsed when only two could be chosen. But if it was the will of the committee that he would submit to the amendment offered by Dr. Scherer. Then he called for a vote but was unable to decide on the aye and nay showing and suggested a roll call instead. Brown, Cass, Menard, Madison and Morgan voted in favor of amendment with Calhoun, Greene, Jersey, Scott and Pike against. The chairman declared the vote a tie and Judge Thompson arose to come to the rescue as recorded before.

Senator Manney of Brown county rose to make objection, insisting that the chairman did not have a right to vote twice, that as he answered the roll call for Greene county that even in the case of a tie that he had no right to further voice in the proceedings. This point of order was discussed for a few minutes and then the chairman made it clear that he had not voted twice but had declared the motion lost because it was a tie vote and he insisted that the Roberts rules of order would sustain him in this position.

Then a vote was called for on the original motion. Senator Manney was called first and passed in order to await a statement from Dr. Scherer as to whether Cass county was satisfied with the ruling made by the chair. The doctor said that he didn't understand the ruling made and knew that Mr. Schultz would not be satisfied but there seemed to be no other way than to let the decision of the chair stand and that he would accordingly vote in favor of the resolutions. Then all the other counties on the roll followed suit and when Senator Man-

ROODHOUSE BOWLERS TAKE WHITE HALL BOYS INTO CAMP

Win Five Straight Games from Visitors—Fox Breaks Alley Record.

Roodhouse bowlers showed their speed over the boys from White Hall Monday night when they won from the White Hall team in five straight games. This is the fourth of a five game tournament to be played between the two rival organizations.

The teams Monday evening were composed of the following: Roodhouse—John Todd, Mike Todd, Henry Gerling, W. H. Huggett and A. H. Fox. White Hall—John Strang, Seranton Vermillion, Herbert Gooch, Paul Pratt and Chut Hawk.

Fox broke the alley record by rolling a score of 268.

In the Roodhouse city tournament, in which a number of teams are competing, the Giants are still in the lead with an average of .727. Eight games won and three lost out of eleven played.

L. B. TURNER HAS BAD FALL.
L. B. Turner, the efficient mail carrier, had a bad fall which will lay him up for a while. He placed a ladder against the side of his house and attempted to climb it when the foot of the ladder slipped letting him fall violently to the ground. The worst part of his injuries is the wounding of the left knee cap which is badly hurt. His other leg was also hurt and his left shoulder badly bruised. He will be laid up for a time but his numerous friends trust it will not be long.

MASONIC SCHOOL OF INSTRUCTION NEXT WEEK.
Thru an error the time for the anticipated Masonic school of instruction was named for this week when it should have been next week.

Arthur Holman of the vicinity of Woodson had business in the city yesterday.

ney was called again he joined with the majority and the resolutions were declared unanimously adopted and peace and harmony were once more restored—on the surface.

Altogether it was a very interesting gathering. The "conferring" began about 11 o'clock in the morning and each incoming train brought a delegate or two, and the formal meeting did not begin until 2:45 and was finished in 15 minutes. Evidently Pike and Greene county politicians had fixed up the slate with the old line leaders in Morgan county and the program was carried through just as intended, tho for a time the horizon was very dark and a storm was uncomfortably near at hand just before the atmosphere cleared.

Some of the Conferees.

Some of those present from Morgan county were M. F. Dunlap, Judge O. P. Thompson, Bernard Gause, Paul P. Thompson, Haller Higgins, C. A. Boruff, E. D. Pyatt, William A. Masters, Robert Tilton, Judge W. E. Thomson, John Cleary, George E. Doying, Ralph I. Dunlap, W. C. Howe, H. G. Rockwood, Dr. W. E. Hill and B. T. Ashley. Here for the conference from Pike county were Judge Edward Doocey, A. C. Williams.

Greene county—Frank Williams, James McNabb.
Brown county—Senator Walter I. Manney, Frank Orr, M. R. Davis.
Cass county—A. D. Lucas, Dr. T. J. Scherer.

Scott county—J. W. Kellum.
Menard county—John T. Daniels.
Jersey county—G. M. Seago.
Madison county—A. D. Cullinane.

Resolutions Adopted.
The following resolutions were presented by Frank Orr of Mt. Sterling and unanimously adopted:

"The Democratic congressional committee in this the Twentieth Illinois district in conference assembled this 8th day of February, 1916, most earnestly approve and heartily endorse the statesmanship shown in the administration of our President Woodrow Wilson in maintaining this nation in a state of peace and neutrality during a time when half the world is engaged in bitter strife. We commend and endorse the remarkable success that has attended the national administration's conduct during the most unsettled and dangerous conditions that ever existed, and rejoice in the return, as the result of President Wilson's masterly administration, of that prosperity which was seriously endangered by the European conflict.

"We further heartily endorse and commend the conduct of the public affairs of the great state of Illinois by the administration of Gov. Edward F. Dunne, and take just pride in the thoroughly businesslike methods that have been adopted in the management of all the state departments and institutions. The situation confronting Gov. Dunne—the close of twelve years of Republican misrule was one which demanded

the guiding hand of an honest and conscientious man, and we rejoice that the Democratic party was able to put forth the man who could deal with the conditions in a manner that reflects credit upon the state, the party and upon himself.

"We are proud of the continued faithful and able services rendered by our representative in congress, the Hon. Henry T. Rainey, who now is recognized throughout the country as one of the leaders in the lower house of our national lawmaking body. The remarkable ability shown by Representative Rainey in dealing with the many vital issues that have confronted and now are confronting the congress brings unusual glory to this congressional district, and this committee feels the utmost pleasure in endorsing Mr. Rainey.

"We hereby endorse M. F. Dunlap and William E. Williams as candidates for delegates to the Democratic national convention, and John Schultz of Beardstown and George M. Seago of Jerseyville as alternate delegates to said national convention, and we further endorse James McNabb as candidate for Democratic state central committee-man for this congressional district."

CHAMPION FERGUSON HAS A FALL

Yesterday afternoon Champion Ferguson was walking in front of the grocery of D. G. Claus on East College street when he slipped on the ice and sustained a bad fall bruising his head and giving him a general shaking up. Mr. Claus and his man helped the unfortunate gentleman into the store and telephoned for his brother, Anthony, who was promptly on hand and took the injured man home where liniment was applied and suitable care given and the wounded man rallied in fine shape and was able to eat a good supper. His escape was very fortunate as his age renders him susceptible to injury by such an accident.

ARRESTED ON CHARGE OF VAGRANCY

John Kemper was arrested Monday at Waverly on the charge of vagrancy. The warrant was sworn out by Mayor W. R. Turnbull of that city. It is alleged that Kemper is in a state of habitual drunkenness most of the time. He was taken before Justice Dyer Tuesday and in default of bond in the sum of \$200 was sent to jail and his hearing set for February 17 at noon.

GOOD SLEIGHING.

From different directions people drove to the city yesterday in sleds and generally they reported the roads in fair condition. Where the highway had been properly dragged it was a great deal better but the bit of warmer weather before the snow fell served to smooth down the knobs somewhat and tho the snow was light and dry it yet made very fair going and was used quite extensively.

NATIONAL LEAGUE INCREASES THE POWER OF PRESIDENT

Constitutional Amendment Provides That in Case of Protested Games There Shall Be an Appeal from the Executive's Decision.

New York, Feb. 8.—The most important action taken at the opening session of the National league's re-convened annual meeting here today was to increase the power of President John K. Tener by a constitutional amendment which provides that in the case of protested games there shall be no appeal from the executive's decision. In the past there has been much haggling over the findings of the president on disputed games.

Another radical measure, proposed by President Elberts of Brooklyn, would prohibit any club from having more than 2,000 25 cent bleacher seats. At present the Boston club has 10,000 such seats, the St. Louis club 9,000, the Philadelphia club 6,500 and the Cincinnati club 4,000. The question will come up tomorrow. At the meeting of the league meeting, Percy Haughton of Boston automatically took the seat held by former President Gaffney of Boston. The schedule drawn up by Barney Dreyfuss of Pittsburgh was adopted. It includes only three conflicting dates—all Sunday games in Chicago.

The following umpires were appointed for next season: Robert Emslie, Henry O'Day, William Klein, Charles Rigler, Hal Eason, William Byron, Ernest Quigley and Peter A. Harrison. The last named came from the International league. Al Orth will be retained as utility umpire.

It was voted to change the official diagram of a baseball diamond in the official rules to correct errors discovered by John Foster of the New York club in regard to the pitching distance, batter's box and the proper location of second base. All National league diamonds will be resurveyed before the 1916 season starts and certified reports of the surveys will be sent to the president of the league.

Mr. Dreyfuss proposed an amendment to the playing rules, requiring that the shortest distance from the home plate to the outfield fence on fair ground shall be 270 feet instead of 250, as now stipulated. The amendment was submitted to the National commission as it deals with a subject both major leagues must vote upon.

WILLARD WILL MEET MORAN IN NEW YORK CITY MARCH 8

NEW YORK, Feb. 8.—Jess Willard, world's heavyweight champion, and Frank Moran will meet in a ten round bout at Madison square Garden here on March 8 for a purse of \$70,000, it was announced tonight by Tex Rickard, promoter of the match.

The date originally decided upon was March 17, but it was changed because Madison square Garden, the only available place for holding the match here, had been previously engaged for that date.

Rickard said tonight that the board of directors of the garden had agreed to accept \$7,000 for its use with no percentages.

While a tentative agreement already had been signed for the bout between Tom Jones, manager for Willard, and Ike Dorgan, representing Moran, Rickard announced that Jones and Dorgan would meet again tomorrow to sign the final articles.

ANNOUNCE MICHIGAN AGGIES' SCHEDULE
East Lansing, Mich., Feb. 8.—Athletic authorities at the Michigan Agricultural college, announcing dates for the 1916 football team, said today there was a probability that the Oregon Aggies again would visit East Lansing. The card so far included games here with Carroll college Oct. 19, South Dakota Nov. 4, and Notre Dame Nov. 18 and with Michigan at Ann Arbor Oct. 21.

ANNOUNCE RACING PLAN.
Detroit, Mich., Feb. 8.—Excepting the colt stakes, all events at the Blue Ribbon Grand Circuit harness meeting in Detroit July 24 to 28, will be raced on three heat plan with the Pari Mutual system of speculation, it was announced today.

CHICAGOANS TOURING SOUTH.
Dallas, Tex., Feb. 8.—The Ohio manufacturers and wholesale merchants who are making a tour of the South are expected to reach Dallas today, and the local Chamber of Commerce has arranged to entertain them. The party is studying trade conditions in the interests of the Ohio chamber of commerce.

LOOMIS AND DREW IN SPRINT DUEL TONIGHT

New York, Feb. 8.—Joe Loomis, the Chicago sprint wonder, and Howard Drew, the colored champion from the Pacific Coast, will compete tonight in the annual indoor meet of the New York A. C. They will compete in a special race, 100 yards, and the Chicago man hopes to redeem his lost honors.

EXECUTOR'S NOTICE.
Estate of Elizabeth Davenport, deceased.

The undersigned, having been appointed executor of the last will and testament of Elizabeth Davenport, late of the county of Morgan and state of Illinois, deceased, hereby gives notice that he will appear before the county court of Morgan county, at the court house in Jacksonville, at the April term, on the first Monday in April next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned. Dated this first day of February, A. D. 1916.

WOMEN IN THE NEWS

Sydney, Australia.—Queensland's first woman attorney has been admitted to the bar. She is Miss Agnes McWhinney, of Townsville, and she hopes to pave the way for more lawyers in Australia. South Australia has its women justices of the peace, and its doctors have made brilliant records during the war. The club-women consider their recent victory here of large importance, in view of the number of women who are constantly in need of legal advice and seek a woman's way to solve their dilemmas. Dr. Helen Sexton of Melbourne has been given equal rank with men in the war department, for her surgical work, and is now a Major. Dr. Elsie Dalziel of Sydney has made a great record in the Serbian hospitals during the past year.

London.—The dairymaid of the great Duke of Wellington, the only surviving servant of the Iron Duke, has just celebrated her 98th birthday at the old Stratfieldsaye House, near Reading, the gift of the nation to the victor of Waterloo. She is Mrs. Mary Appin, who in her girlhood tended the Duke's dairy and after saw the great military leader, she also served the second Duke and third Duke for thirty-nine years, and was pensioned off over a score of years ago.

New York.—The women golfers of the country are to have a National Championship cup, and funds are now being raised to purchase a trophy which the winner each year will possess during her year of championship, to decorate her home golf club. The national tournament for women is set for Sept. 11 to 14 this year, but the women are asking the U. S. Golf association to make a later date to dodge the warm weather.

Los Angeles.—Miss Lita Belle Hibben, who has recently been appointed deputy district attorney here, is the second woman in California to receive such an appointment, the other being Miss Annette A. Adams, assistant U. S. District Attorney for the Southern district of California. These are said to be the only women in the country holding regular appointments as prosecuting attorneys. Miss Hibben graduated from a law school in 1913 at the head of a class of 54, 53 of whom were men. She is prosecuting cases in the county courts.

UNIFORM REGISTRATION OF DOCTORS IS URGED.

Chicago, Feb. 7.—Delegates from many state boards of registry in medicine are meeting here today, with the Board of National Medical Examiners and the Council of Medical Education, for the furthering of the nation-wide movement to standardize medical registration, so that a doctor can practice in whatever locality he pleases and the curb can be put on quack and fakery.

It is hoped by the advocates of the national registration idea that the various states will recognize a certificate from the National Board as qualifying an applicant to practice, and representatives of the state boards are interested in securing uniform laws for registering medical practitioners.

Louisville, Ky., Feb. 7.—The annual convention of the National Canners' Association opened here today, and nearly 5,000 canners are attending from all sections of the mid-west. The Wisconsin delegation is making a bid for the 1917 convention for Milwaukee.

FOUR-STATE COUNTRY LIFE CONFERENCE

Philadelphia, Pa., Feb. 8.—Four States—Pennsylvania, Delaware, Maryland and New Jersey—are represented in an exposition of the problems incident to country life, at the convention of the Pennsylvania Rural Progress Association, which opened here today. One of the strongest statements advanced today was that the United States must prepare to share the rate of Europe, and even worse, if we do not put our producers of food supplies on a better basis of life. Figures showing that 37 per cent of the agricultural land in the country is tilled by renters are being spread broadcast during the conference, and an attempt is being made to bring home to the business man that Rome fell thru nothing less than this condition of affairs. One of the convincing arguments being used is a picture of a little red school house, within sight of a \$100,000 barn, with the question, "What would you rather be, a cow or a child on the average farm today?"

Among the speakers at the four-day convention are Liberty Hyde Bailey, head of the Roosevelt Country Life Commission; Dr. Harold Foght, rural educational specialist for the U. S. Bureau of Education; Senator Lever one of the drafters of the Smith-Lever bill, which has given thousands for the education of the farmers and his wife; Mrs. Julian Heath, of the National Housewives' League and Mrs. Percy V. Pennacker, president of the National Federation of Women's Clubs.

"LEFT HANDED" FORGERY CASE ON TRIAL.

Oakland, Calif., Feb. 7.—Hearing will begin today in the "left handed forgery case, in which D. D. Griffith, formerly an engineer for the Southern Pacific company, is suing the Central National Bank of this city. Griffith seeks to have the bank held liable for the money it paid out on checks which he claims were forged during the time his right arm was paralyzed and he was forced to sign with his left hand. Should he receive a favorable decision, he will sue other banks who paid out his money on the alleged spurious "left hand" checks. Years of fighting against the physical forces of nature in pushing various engineering ventures for the railroad undermined Griffith's health, and he lost the use of his right arm. It was while he lay ill that the alleged forgeries were committed, according to his attorney.

WILLIAMS VS. HERMAN, FOR BANTAM WEIGHT TITLE.

New Orleans, La., Feb. 7.—The bantamweight championship of the world and a good-sized purse are hung up for the winner of the bout here tonight between Kid Williams of Baltimore and Pete Herman of New Orleans. Williams, the title holder, is a Dane, and like Bat Nelson is a bound for punishment. Herman will have to put him out in the first half of the 20 rounds, in order to win, say the wisecracks. Herman is an Italian, with lots of grit, and has gone the 20 round route many times. Williams and Herman have met once before, but it was a no-decision affair and was too short to prove anything. Both boys have shown marked improvement since then, and the going will be close. Jack McGuigan of Philadelphia will be the third man in the ring tonight.

Thomas Ryan of Franklin was among the city's visitors yesterday.

WILL APPROVE CORRECT STYLES FOR MEN'S DRESS

ST. LOUIS, Feb. 8.—Correct styles for men's dress will be approved during the three day convention of the National Association of Merchant Tailors, which assembled here today.

It is predicted that few startling designs will be shown.
The convention however will make an effort to raise the standard of men's dress, and with this object in view, a special exhibit of apparel is being held in connection with the convention.

The convention is expected to consider plans for a national apprenticeship system.

WILL HAVE ARMY OF MILLION.

Chicago, Feb. 7.—The United States in a few years will have an army of one million men ready to take the field and to meet the requirements of this vast body of men at least 10,000 surgeons will be required, asserted Dr. W. C. Gorkas, surgeon general of the United States army before the annual congress on medical education here today.

FOUR DIE IN WRECK.

Chicago, Feb. 7.—Four stockmen riding in the rear car of an extra freight train on the Chicago and Northwestern were killed today in a rear end collision near Dunlap, Ia. One of the men was identified as George Beacher of Boone, Ia. A defect in the airbrake of the first train was believed to have caused the accident.

RE-EXAMINE MIDSHIPMEN.

Washington, Feb. 7.—The academic board at the naval academy after re-examining 229 midshipmen who failed in their examinations, reduced the number to eighty-two. Secretary Daniels in reviewing the recommendation of the board, says he will give the 82 all the consideration consistent with the policy of maintaining the standard of the academy.

ARRANGE FOR DEMOCRATIC NATIONAL POWWOW.

St. Louis, Mo., Feb. 8.—The committee on arrangements of the National Democratic Committee is meeting here today to complete the details for the coming national convention of the party.

SCIENTISTS STAR GAZING TO SETTLE MARS' STATUS.

Observations which have been conducted from many places on the earth's surface will reach a climax tomorrow, when the Planet Mars will be nearest to the earth on its orbit. The astronomers are using new and more accurate instruments than ever before obtainable, and there is a rivalry in this observation of the earth's neighbor that may result in controversy. No little difference of opinion already exists, and in fact two opposing theories have been evolved concerning the much-discussed canals on Mars. The fact that Mars has a day of a slightly greater length than our own, and the statistics concerning the planet's size and density are not disputed. Much other information is generally agreed upon, but the scientists split on the question of the artificiality of the alleged "canals". Those who have read the heavy literature concerning the famous canals are hoping that the observations now being completed will settle for all time whether the canals are just plain rivers or channels, or show beyond doubt that they were constructed artificially.

The British Astronomical Association has recently published the result of the committee of its astronomers who observed Mars in 1909, and who announce that the famous canals are an optical illusion. On the other hand, Prof. Percival Lowell, the noted American astronomer, has just announced that new proofs have been secured of the artificiality of the canals. He declares the objections to the theory arise only from those who have never properly observed the planet, or who quote others in the like predicament.

The alleged existence of a geometrical network of canals on Mars has received a lasting and unwelcome confutation, is the sweeping conclusion of Dr. E. M. Antoniadi, director of the British Astronomical association, who made a prolonged study of the results of his own observations made in 1909, using the great Meudon refractor, the most powerful telescope in the Old World.

It was by means of a pair of spectacles that the eminent European astronomer ascertained his alleged discovery that the canals were an optical illusion. The spectacles which he used allowed the unused eye to remain open against a black glass while the other looked in front of the eye-piece thru the empty elliptical frame. He confesses that while working with smaller instruments he himself had, like other observers, obtained frequent glimpses of narrow, straight lines.

If it is true that Dr. Percival Lowell and other astronomers have been deceiving themselves thru optical illusions of their extra eye, one of the greatest scientific hoaxes of the world will be the result. But the American scientists and others who have been interested in Mars will not accept the theory of the European astronomer, and are hoping to secure facts and new data that will put the "spectacle theory" completely in the shade.

Dr. Antoniadi, the director of the British Astronomical association, claims that the photographs of Mars bear out his statement. He states that the photographs of Mars made by Dr. Lowell at Flagstaff, Ariz. are astronomic drawings of Mars, and he reaches the conclusion that "A fact so startling betrays the dangers of pressing too closely the argument of 'seeing'."

OBTAIN EXTENSION OF TIME FOR PAYMENT OF ROCK ISLAND NOTES

CHICAGO, Feb. 8.—Extension of time for payment of \$7,500,000 six per cent collateral notes of the Rock Island railroad has been obtained by Receiver Jacob M. Dickinson.
Judge George A. Carpenter issued an order for the extension today. The notes, which were due Feb. 16, have been extended to August 16th, at the same rate of interest. It is the opinion of those interested in the road that by August the re-organization plans will be perfected and possibly made operative.

OUCH! ACHING JOINTS, RUB RHEUMATIC PAIN

Rub Pain Right Out With Small Trial bottle of Old "St. Jacob's Oil."
Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacob's Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and can not burn the skin.
Lumber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacob's Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains. Advertisement.

AN UNFAILING WAY TO BANISH HAIRS

(Beauty Notes)
Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.—Adv.

"PREMATURE OLD AGE"

Says Dr. Arnold Lorand, of the Carlbad Baths, Austria, "is due to our own negligence", and to avoid such a fate he recommends a high diet, proper bathing, eight hour sleep, and "don't worry."
For run-down, weakened conditions, our local druggist, Lee P. Allcott, has a wonderful non-secr preparation composed of the three oldest tonics known, iron for the blood, the medicinal, body-building properties of cod livers and the nourishing properties of beef peptone all combined in Vinol which he guarantees to build up and strengthen weak and feeble old people, and for all run-down conditions.—Adv.

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

"Pape's Diapepsin" Fixes Sick, Sour,
Upset Stomachs in Five Minutes

You don't want a slow remedy
when your stomach is bad—or an
uncertain one—or a harmful one—
your stomach is too valuable. You
mustn't injure it with drastic drugs.
Pape's Diapepsin is noted for its
speed in giving relief; its harmles-
ness; its certain, unfailing action in
regulating sick, sour, gassy stom-
achs. Its millions of cures in indig-
estion, dyspepsia, gastritis and other
stomach troubles has made it
famous the world over.

Keep this perfect stomach doctor
in your home—keep it handy—get a
large fifty-cent case from any drug
store and then if anyone should eat
something which doesn't agree with
them, if what they eat lays like lead,
ferments and sours and forms gas,
causes headache, dizziness and nau-
sea; eruptions of acid and undig-
ested food—remember as soon as
Pape's Diapepsin comes in contact
with the stomach all such distress
vanishes. Its promptness, certainty
and ease in overcoming the worst
stomach disorders is a revelation to
those who try it.—Adv.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give It When Feverish, Cross, Bil-
ious, for Bad Breath or Sour
Stomach.

Look at the tongue. Mother! If
coated, it is a sure sign that your
little one's stomach, liver and bow-
els need a gentle, thorough cleansing
at once.

When peevish, cross, listless, pale,
doesn't sleep, doesn't eat or act nat-
urally, or is feverish, stomach sour,
breath bad; has stomach-ache, sore
throat, diarrhoea, full of cold, give
a teaspoonful of "California Syrup
of Figs," and in a few hours all the
foul, constipated waste, undigested
food and sour bile gently moves out
of its little bowels without griping,
and you have a well, playful child
again.

You needn't coax sick children to
take this harmless "fruit laxative";
they love its delicious taste, and it
always makes them feel splendid.

Ask your druggist for a 50-cent
bottle of "California Syrup of Figs,"
which has directions for babies, chil-
dren of all ages and for grown-ups
plainly on the bottle. Beware of
counterfeits sold here. To be sure
you get the genuine, ask to see that
it is made by "California Fig Syrup
Company." Refuse any other kind
with contempt.—Adv.

to Mr. McLaren, at the Railway and Light office saying that you will
go into the contest. Be patriotic. Let's have a nicely decorated city.
Get your flags, bunting, etc., ready in time.

A committee from the Daughters of the American Revolution
will judge the decorations and award the prize. And John Doyle,
the well known electrician, has donated his services in making in-
stallations.

This new electric sign will be on exhibition
tonight at the J. H. S. minstrel show. After-
ward in the Farmers State Bank Window.

BURR NOW GETS BREATH EASIER

Springfield Man Suffered Much From
Bad Case of Catarrh.

TANLAC RELIEVED HIM.

After suffering for years from a
catald and finding no relief from
various treatments, some persons ap-
parently resign themselves to their
fate and make no further efforts to
find their way back to health. Fred-
erick Burr, who is employed at 708
North Glenwood, Springfield, Ill.,
had almost reached that state when
his friends persuaded him to try
Tanlac, the "Master Medicine" now
being introduced in this city. Mr.
Burr in discussing the benefits he
had derived from the use of Tanlac,
said:

"Before I began taking Tanlac, I
had suffered intensely with catarrh
for a number of years. It was dif-
ficult for me to breathe when I was
asleep and when I would get up in
the morning my nose would be all
closed up. I tried several remedies
but nothing seemed to do me any
permanent good. I became nervous,
rundown because of the little rest
which I was getting and had about
given up hope of obtaining relief. I
heard about Tanlac and the good it
was doing so decided to try a bottle.
"I am glad to say my catarrh is
nearly gone. My nose does not close
up like it used to, and I can breathe
much easier. I get a good rest every
night which makes me feel like a
new man. I've told a great many of
my friends how much good Tanlac
did me but I want them all to know
about it, and I am glad to say this
publicly because they may benefit as
much as I have if they are in bad
health."

Tanlac, the "Master Medicine," is
now being sold in Jacksonville at
the drug store of Coover & Shreve.

Today And A Generation Hence

Splendid Influence of a Well Known Remedy And Why All Expectant Mothers Need It

The flight of time makes us think of the future. The baby of today reflects what greatness may be acquired when he grows up. And any influence that brings relief to the expectant mother is the first and greatest of obligations.

There is a splendid remedy known as "Mother's Friend" that has been a safeguard, a helpful daily influence, to a host of women. Applied externally to the muscles they become pliant, their stretch without undue pain, there is an absence of distress, the nerves are soothed by taking away the burden of leaving all to just natural conditions.

We do not know to what extent the comfort and ease of the expectant mother influences the mental development of the child. Its physical nature, however, must be greatly aided. And it may easily be understood why with a restful nervous system, a calm anticipation and a joyous expectancy, there can be none of those harassing disturbances to provoke nervous conditions.

There is in "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hands, or by the help of their friends, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and a night's rest. It is indeed "Mother's Friend." Get a bottle today of any drugist. Then write Bradfield Regulator Co., 810 Lamar Bldg., Atlanta, Ga., for one of the most entertaining and valuable little books ever presented. It is worth writing for.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky. "I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice,—it will be confidential.

MARKET LETTERS

Chicago Livestock Market.

Union Stock Yards, Chicago, Feb. 7.—Oliver S. Green, with Walter Bros., U. S. Yards, Chicago, reports the estimated receipts for Monday, Feb. 7, 1916:

22,000 cattle.

62,000 hogs.

16,000 sheep.

Early the posted run of cattle was 21,000 and values looked steady on good to prime. Weak to lower on bulk of other. With trains dragging on account of below zero weather buyers held back in the Exchange building until well along in the forenoon and at which time the run was raised to 22,000. Cattle and prices were weak with a general decline of around 10c. However, choice to prime were in short supply and such about steady. Nothing extra as to quality and finish. 18 weighing 1169 at \$9.50, the top reported. A small number of cars \$8.80 to \$9.25. The specialty class still quotable up to \$9.75. Different weights selling \$8.50 to \$8.75, made steady prices before the noon hour, but in the late session they were weak to a little lower. The \$7.50 to \$8.25 stuff showed a lower range in prices as well as did those below \$7.50 to around \$7.25. Small order buyers did not share in the decline. Although late in the afternoon they would not reach as good a figure as earlier in the market. The general market on steers 10 to 20c lower than the best time last week.

She stock steady to strong at the start. Later market 5 to 10c lower. Choice heifers wanted at unchanged prices. Bulls steady. Light calves steady.

Native beef cattle quotations:

Choice to prime heavy beefs, \$9.35 to \$9.75.

Choice to prime handy beefs, \$9.25 to \$9.75.

Good to prime yearling beefs, \$9.25 to \$9.65.

Common to fair yearlings, \$7.75 to \$8.35.

Good to choice corn fed, \$8.25 to \$9.25.

Medium to good handy short fed, \$7.35 to \$8.15.

Plain to decent warmed ups, \$6.65 to \$7.35.

Common to plain stalk fed steers, \$6.10 to \$6.65.

Inferior to rough stalk fed steers, \$3.25 to \$6.10.

Butcher stock quotations:

Fat cows, common to choice, \$4.85 to \$7.50.

Heifers, common to choice, \$5.00 to \$8.25.

Heifers, prime to fancy, \$8.50 to \$9.25.

Bulls, \$5.00 to \$6.50.

Canners and cutters, \$3.65 to \$4.75.

Common to heavy valves to good vealers, \$4.25 to \$10.00.

Choice to prime vealers, \$10.25 to \$11.00.

Most hogs 5 to 10c higher than Saturday. With some good lights showing more advance. Pigs 10 to 15c higher. Price range very narrow. Quality better than recently.

Packers held back and refused to "take the bid" early on the shipping demand was good and later packers had to "fall in line," and prices made the highest average since last October.

Mixed packing, \$7.80 to \$8.00.

Mediums and butchers, \$8.00 to \$8.12 1-2.

Rough heavy packing, \$7.60 to \$7.70.

Light weights, \$7.70 to \$8.05.

Select packing and shipping, \$8.07 1-2 to \$8.25.

Pigs and throwouts, \$3.00 to \$7.75.

Bulk of sheep and lambs steady to strong. Some 10 to 15c better. Packers' free buyers after opening round. Fairly liberal runs also where which had no bad influence. Native stock in small supply. Especially lambs.

Sheep and yearlings:

Native ewes, \$5.00 to \$7.50.

Native yearlings, \$8.00 to \$9.10.

Western ewes, \$5.25 to \$5.75.

Western yearlings, \$9.65.

Colorado ewes, \$6.00 to \$8.00.

Western wethers, \$8.10.

Kansas City Livestock Market.

Kansas City Stock Yards, Feb. 7.—Interest in the stocker and feeder business here last week centered in the wide demand for cows and heifers for breeding purposes. Purchases of this class of cattle were made for shipment to Indiana, Kentucky, South Dakota, Texas and intermediate points. A few heavy weight steers for short feeding, and some large strings of steers weighing around 1000 pounds went out, the latter largely to Kansas, destined for the summer grazing field. Twelve thousand head were taken, a reduction of 2,500 from both the previous week, and the same week last year. Severe weather interfered with the demand, and also cut down the supply somewhat, and most sales were on a lower basis than during the previous week, best stock feeders, \$7.65, best feeders \$7.45, prime quality lacking in all departments. Today the supply is more liberal, total receipts 1,000 cattle and some high class westerns were included. A large string of high grade Colorado White Faces, 750 lbs. average, sold at \$7.35, and some red Colorados, 900 lbs. average, sold at \$7.00. Most of the stock feeders sold at \$6.25 to \$7.00, feeders \$6.00 to \$7.25, prices 25 to 50 cents below the average at this time a year ago. Fancy stock heifers sold as high as \$7.40 recently, but bulk of the stock cows and heifers sell at \$5.25 to \$6.50. The market on beef cattle advanced slightly last week, due to moderate supplies, and some hopes were held out that a spring rise in prices had set in. Liberal runs at all points today temporarily halted the upward tendency, but the market is plainly able to take care of pretty fair runs at present prices, and smaller supplies would strengthen the situation. Lambs for feeding and shearing sold at \$10 here today, excuse for this high price being that fat lambs bring around \$11, and are apparently headed for \$11.50 or \$12.00 in the near future. Immune stock hogs are becoming a standard article of merchandise here, numerous firms handling them in large numbers, prices for selected natives weighing 100 lbs. \$8.

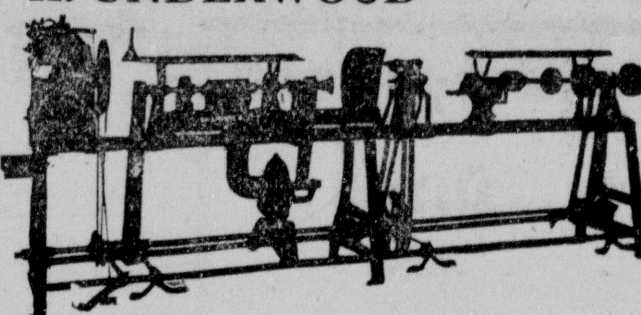

W. H. Algier of Mt. Sterling spent Tuesday in the city on business.

A GOOD ARTICLE.
Hall Brothers wouldn't be handling the United States Cream Separator were it not a good one. Notice their attractive ad this week. The "makeup" of the United States Cream Separator advertisements this year is superb, in keeping with both the reliable firm who handles the goods and the superior quality of the article itself. Hall Bros. would like to show you a few things worth knowing about cream separators.

George Berryman of Little Indian was attending to business matters in the city yesterday.

Camel Cigarettes

are wide-open for comparison with any cigarette at any price! Most sensitive smokers appreciate the pleasure Camel quality offers. They prefer it to premiums or coupons! Freedom from tongue-bite and throat-parch is as welcome as is the absence of any unpleasant cigaretty after-taste!

Camels are blended choice Turkish and choice Domestic tobaccos; you'll prefer their new flavor and mild-smoothness to either kind of tobacco smoked straight! That desirable, satisfying "body" is all there—without any come-back! No matter how many you smoke!

Camels are sold everywhere in scientifically sealed packages, 20 for 10c, or ten packages (200 cigarettes) in a glassine paper-covered carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

The stamp placed over end seals the package, which keeps out air, thereby preserving the quality of the blended tobaccos. By inserting the fingers as illustrated, the stamp easily breaks without tearing the tin foil, which folds back into its place.

Sure Way To Get Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Your Individuality

It is vitally important to you to have your tailor know you.

ALTON YARD MASTER CRUSHED TO DEATH

DORSEY POGUE OF ROODHOUSE
LOSES LIFE EARLY TUESDAY.

Was Acting Night Yardmaster at the Time of His Death—Merchandise Car "Kicked" Down Main Line in Roodhouse Yards by Switch Engine Strikes and Runs Over Unfortunate Man.

Acting Yardmaster Dorsey Pogue of the Alton yards at Roodhouse was busy attending to the duties of his office at an early hour Tuesday morning. A little after 3 o'clock a. m. he stopped to give an order and talk a moment to the foreman of a switch engine crew, E. W. Mitchell. Across the yards, a short distance, another switch engine was puffing and pulling its load of cars and distributing them on the different tracks. This engine had just shunted a car loaded with merchandise down the main line track as Pogue finished giving his orders to Mitchell. They were Pogue's last orders for he turned abruptly to go to another part of the yard and had walked but thirty or forty feet from where Mitchell stood when the coasting freight car struck him. Death was instantaneous.

Mitchell and Jasper Anthony, two of the crew, ran over to the main line to see what the car had struck and a moment or two discovered Pogue's lifeless body. The head had been crushed beyond recognition and the right limb severed just below the knee.

Dorsey Pogue was at the time of his death 37 years, 4 months and 3 days of age. He was acting night yardmaster for the Chicago and Alton railroad and was killed in the performance of his duty. The accident occurred at 3:30 o'clock Tuesday morning, near the north end of the caboose track on Simmons avenue. No one witnessed the tragedy.

Mr. Pogue was an old time railroad man. He was well liked by all acquaintances, especially his business associates, those who knew him best. He had been in the employ of the Alton for about fifteen years and had served in the capacities of brakeman, conductor and switchman. At one time he worked out of Kansas City on the Rock Island. He was a member of the Masons, Knights of Pythias, Modern Woodmen of America and the Order of Railroad Conductors.

Three years ago he was married to Miss Edith Greer of Rock Bridge. The widow and parents, Mr. and Mrs. W. Pogue, survive.

Deputy Coroner Thomas Carmody of Carrollton held an inquest over the remains at 11 o'clock yesterday morning in Roodhouse. The verdict of the coroner's jury was as follows: "We, the jury, find that Dorsey Pogue came to his death by being run over by a merchandise car in the Chicago and Alton switch yards at Roodhouse while attending to his regular duties as acting yardmaster in said yards."

Arrangements for the funeral have not been completed as yet, but it is understood that the Masonic order will have charge of the services.

MINNESOTA PIONEER SENATOR HONORED.

Washington, Feb. 8.—A statue of Henry M. Rice, the first United States Senator from Minnesota, was unveiled today in Statuary Hall at the Capitol, and was accepted by the United States as a gift from the state of Minnesota. The memorial to the pioneer Senator from Minnesota was unveiled by his granddaughter, Miss Matilda Rice Auerbach. Senator Knute Nelson presented the statue on behalf of the memorial commission, and Senator Moses E. Clapp on behalf of the State of Minnesota. Vice-President Thomas R. Marshall accepted the statue on behalf of the United States. The new addition to Statuary Hall is one of Minnesota's two contributions of marble of her most famous men.

The new memorial is of Italian marble and was executed by Frederick E. Tribel of New York. The United States Senate will devote Saturday, Feb. 19, to eulogies of the pioneer Minnesota delegate, Henry M. Rice, who had much to do with the early affairs of the great state of the Northwest.

NEW ORLEANS TO GET ANOTHER CAPTURED FLAG

Boston, Feb. 8.—Mayor Curley of Boston starts today on a long trip to New Orleans to personally present to the Ladies Confederate Memorial Association of New Orleans the old Confederate flag taken from the New Orleans City Hall by Gen. Benjamin F. Butler and in 1862 presented by him to the City of Boston. The flag which Boston is returning was made by an association of women of New Orleans for presentation to a regiment of young men, but was seized by Gen. Butler before being presented. It was hung in the City Hall here for over a half century, and is returned in recognition of the healing of the sectional feeling between the two sections of the United States.

A NEW MILLINERY STORE.

The Journal is informed that Jacksonville is to have a new millinery store in the near future. The report is that Mrs. Sallie McCoy Miller, now of Michigan City, Indiana, has rented the room on West State street formerly occupied by H. J. & L. M. Smith and will in the near future begin business there. Mrs. Miller is not a stranger at all to the city and many friends will be glad to see her again here and will wish her success in her undertaking.

FINE POINT CLUB WILL MEET

The meeting of the Fine Point club which was announced to meet Friday will meet on Thursday afternoon at 2 o'clock with Mrs. A. T. Capps of North Church street.

From an Educator's Notebook.

Pittsburg, Pa.—Pittsburg is trying out a new school idea, founded somewhat on the Gary plan, but with modifications and extensions. The new William McKelvy school, in the heart of a congested district, is the scene of the experiment. The school authorities are proceeding slowly, and will modify the plan as conditions necessitate. Briefly, the experiment will endeavor to do these things: apply the departmental plan of colleges and universities, by groups instead of by subjects, to grade schools for the first time, so that pupils will move on hour periods from book work to play or recreation; to teach all special subjects, such as drawing and music, with special teachers; make wider use of the auditorium or general assembling; alternate the use of classrooms so that different classes use them in turn; no attempt to introduce the so-called religious features. The pupils' time is divided as follows: 50 per cent to academic work, 25 per cent to special subject work, and 25 per cent to recreation, supervise.

Springfield, Mass.—Evening classes for plasterers and printers have been established at the vocational school in Springfield. The printers of the city were so anxious to establish the class in their trade that they are providing their own fund by paying \$3.50 each, thus avoiding the wait for a city appropriation.

Helena, Mont.—Montana is not behind her sister states in providing vocational training for her school children. In Helena over 400 children are availing themselves of the practical courses in woodwork, forge work and electrical work. In the wood work, which starts in the fifth grade, the girls as well as the boys are enrolled, and they make equal headway. Aside from the 20 hours each semester given to manual training, many of the boys attend on Saturday afternoons of their own free will. Sixty-five high school pupils are receiving daily instruction in vocational work in various trades, and 320 grade pupils report each week.

Washington.—A prize for the best code of morals for teachers and parents in the character education of children in the school and the home has been offered by the National Institution for Moral Instruction. By invitation of the institution, educators from various states are preparing codes, and they will all be printed in pamphlet form.

New York.—The progress of education during the year 1916, one hundred years ago, was accelerated by the establishment of the University of Ghent and the University of Liege. In America one of the most notable contributions to education a century ago was the establishment of the Pennsylvania State Public Library at Harrisburg. It was during the same year that the French Academy was reorganized, to compose forty members for life, each of whom should be a high authority on questions of language, grammar, rhetoric and poetry.

BOY SCOUTS VISIT HOSPITALS ON ANNIVERSARY.

New York, Feb. 8.—Several hundreds of thousands of American boys are today visiting the hospitals and the homes of the sick, in observance of the sixth anniversary of the incorporation of the Boy Scouts of America. They are bringing flowers and cheer to many besides. In the evening the anniversary exercises will be held by various troops and divisions in many cities and towns of the United States. The annual message from Col. H. Livingston, president of the Scouts will be read to the members. Then every member will stand at attention, and with his hand at salute, repeat the scout oath.

The Boy Scout movement has made rapid strides during its brief six years of existence in the United States. Organization to some extent has been started in practically every city in this country, besides in the Hawaiian Islands, the Philippines, Porto Rico and Guam. Over 290,000 boys have joined the movement, and are under the leadership of Scout Masters older men who are interested in civic uplift and better things for boys.

From a Tenderfoot, a boy advances to a Second Class Scout, and then to a First Class Scout. Any boy over 12 is eligible to join. The aim of the scout leaders is to teach boys that it is better to create than to destroy, and that peace, not war, will make a great nation. President Wilson is Honorary President of the Boy Scouts, and Hon. William H. Taft and Col. Theodore Roosevelt are honorary vice-presidents.

DANCER SEEKS DIVORCE AND ALIMONY.

Detroit, Mich., Feb. 8.—Murray S. Northrop, son of a wealthy St. Louis woman is expected to resist his wife's divorce suit when it is called for trial today, principally to avoid having to make an alimony settlement. His wife, Mrs. Juliet Smith Northrop, plans to ask for a lump sum, for she claims she owns stocks and bonds. Northrop denies any wealth, and insists he is working at a salary of \$16 a week. Mrs. Northrop has been granted an allowance of three dollars a week pending the divorce hearing. Northrop's attorney has informed the court that Mrs. Northrop is a professional dancer, nimble of toe and well able to support herself. The couple were married a few years ago in St. Louis, after meeting in a cafe. They were familiar figures at social affairs in St. Louis. Northrop claims his wife spent three thousand dollars of his money on other men.

Miss Geneva Sheppard of Murrayville was in the city yesterday enroute to Waverly to visit her brother, J. A. Sheppard.

FOODS

THEY BUILD OR DESTROY

Amazing but Rarely Suspected Truths About the Things You Eat.

(Copyright, 1916, by Alfred W. McCann.)

CHAPTER 16.

Without the twelve food minerals wantonly destroyed by man no vegetable or animal could exist on this planet.

Dr. J. Reynolds Green, Cambridge, has demonstrated that even in the life of the plant the minerals play many parts and are necessary for the assimilation of the food or protoplasm. Protoplasm is the soul and essence, the vital, growth-controlling, life-sustaining material of the vegetable and animal cell.

Green performed a number of experiments in order to show the importance of mineral salts to the growth of plants, which, unlike the animal, possess the power to utilize mineral food as it exists in the ground.

He made a solution of water, calcium nitrate, potassium nitrate, magnesium sulphate, potassium acid phosphate, and potassium chloride. Then he put buckwheat to grow in this solution. He also made other solutions, in which he omitted from the mixture one or more of the minerals of the normal solution in order to determine what effect such omission would have upon the development of the plant.

Through these experiments he proved that the plant, deprived of any of the minerals mentioned, is affected at once injuriously.

He proved, for instance, that in the absence of iron the development of chlorophyll did not take place. Chlorophyll is the green coloring matter of the plant and corresponds with hemoglobin, which is the red coloring matter of the blood. Without chlorophyll and hemoglobin there could be no vegetable or animal life.

He proved conclusively that in the absence of iron faulty nutrition is at once set up.

In the five jars illustrated here it can be easily seen just how the growth of the plant was affected by depriving them of the food minerals mentioned.

These food minerals of plants can be divided into four groups, each of which serves a different purpose. In the first group are found sulphur and phosphorus. All analyses of proteins, the fiber of meat, the albumen of egg, the gluten of wheat, the casein of milk, show that sulphur is an essential constituent of them. As proteins are immediately utilized in the construction of protoplasm, it can be seen that sulphur is contained in every living substance.

Phosphorus is found to be directly associated with the nucleus and is always present.

The second group comprises potassium, magnesium, calcium, and iron, all of which have been conclusively demonstrated to be essential to the development of the plant. The third group consists of sodium, silicon, manganese, chlorine, and iodine.

In the fourth group is found fluorine.

In plant life it has been shown that potassium is connected with the construction of carbohydrates (sugars and starches), but in just what way is not clearly known. It occurs

curiously frequently in the organs in which the formation and storage of sugars and starches are most actively carried on, such as in the leaves and tubers.

It has been shown that magnesium has a distribution much like that of potassium and that calcium is essential to the health of all green plants. One of its functions which has been clearly established is that it is active in neutralizing oxalic acid, a poison elaborated in the nutritional processes of vegetables, and therefore finding its way into animal life.

If we compare the influence of potassium, sodium, and calcium on the development and growth of plants we find that the presence of potassium leads to a development of stems, flowers, and fruits, or to what may be regarded as the maturing plant, while in the absence of sufficient potassium and in the presence of calcium and sodium the growth of the leaves is more directly favored, but the crop remains backward and immature. The fruit does not develop.

It has also been established that the nitrogen so essential to the life of animal and plant is combined with the food minerals of the soil in the form of nitric acid. The minerals are thus taken up, not only for their own sake in the performing of other functions in life's process, but also for the sake of the nitrogen which they must carry to the plant. In other words, they are nitrogen carriers as well as oxygen and carbon carriers.

Oats mature less fully and completely in the absence of silica, thus establishing evidence of its aid in the metabolism of that plant. Until quite recently little was known of manganese as a constituent of many plants, but it has now been determined that it exerts a powerful influence on various oxidative processes which are carried out by a somewhat widely spread enzyme known as laccase.

A curious feature of these facts stands forth when we consider that many of the food minerals, even in moderately dilute solutions, are extremely poisonous, yet when nature finishes her mysterious work of manipulating and combining them they are not only not poisonous, but actually benevolent in their effect upon plant and animal.

When the effects of such deficiency are so well marked, even in the case of the plant, is man not reckless in the extreme when he permits the food of his children, through entirely unnecessary and useless processes, to be deprived not only of their potassium salts but also of every one of the other minerals which we are beginning to see in their true significance.

What effect upon the vigor of American childhood, considered apart from the deaths every year of nearly 400,000 children under ten years of age, is exerted by the removal of these food minerals from our national diet? We shall see.

FURNISHED with each new UNITED STATES CREAM SEPARATOR

As local agent, I personally want the pleasure of giving one of these Mechanical Separator Washers to every purchaser of a new U. S. Separator.

A Blessing for the Women Folks

To lighten your labors, all you maids and matrons who have to wash up Separators should read what this Washer will do.

The Mechanical Washer saves two-thirds of the time, uses little water and cleanses perfectly. When the skimming device is taken from the Separator bowl, it is placed in a closed metal box, and a few turns of a crank, backward and forward, washes away all trace of milk. Follow the washing with scalding water and the separator is sterilized. Pour out the hot water, turn the handle a few times, and the skimming device is all clean, sweet and dry.

Show It to HIM

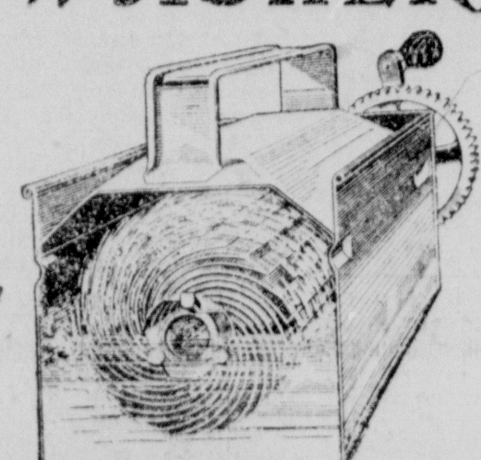

You are entitled to labor saving devices in the household and dairy, just as much as "he" is in farm machinery. My advice to the women who look after the cleanliness of separators is to show this big piece of news to "him." Cut out this "ad" and pin it up on the wall.

Be Fair to HER

Don't wear out the women folks with an old-time, "thousand-and-one parts" disc separator. Now that you are prospering, friend, be fair to her. You can afford to turn in the "old junk" toward a U. S. Separator that gets all the cream, quickly and without effort, a Separator of few parts, perfectly rustless, and mechanically washed.

Come along, you two; I want to show you one of these free washers in operation. • If you don't know me already, let's get acquainted.

THIS WASHER

Sterilizer and Dryer

This cut shows the Nickel Silver, non-rusting U. S. skimmer being "water-scrubbed" by the Mechanical Washer, the wonderful time and labor saver. This Washer by rotating the skimmer drives the water with tremendous force between the blades, cleaning perfectly, then Sterilizing, then Drying.

OPERA HOUSE BUILDING HAS BEEN SOLD AGAIN

HOPPER & HOFMANN AGREE ON SALE TO PIKE COUNTY MEN.

Big Farm Near Barry a Part of the Consideration—Deeds to Be Recorded at Early Date, But Present Owners Retain All Personal Property—Have Three Year Lease.

The Grand Opera building in Jacksonville has again changed ownership, the contract for the sale having been signed by Messrs. Hopper, Hofmann & Co., with Messrs. T. D. and T. J. McVay of Barry. The transfer is to take place at an early date and it is a matter of local interest that Messrs. Hopper & Hofmann have leased the opera house and the entire building for a period of three years. As a part of the purchase price Messrs. Hopper & Hofmann acquire the title to an excellent farm of 312 acres near Barry, Pike county. The transaction which has been pending now for several months was negotiated by W. E. Veitch.

Many Improvements.

When Messrs. Hopper & Hofmann purchased the Opera House building from Michael Dore of Kansas City, C. A. Sutton of Springfield was associated with them and he has been a silent partner in the ownership of the property. Very soon after acquiring title to the property the new owners began improvements which proceeded in a gradual way until they put the building into its present excellent condition. Rooms which had long been tenanted were cleaned up and refurnished and the condition of the building was so improved that every room is now occupied.

On the fourth floor there are fifteen family groups, whereas when the present owners took charge hardly one of the fourth floor rooms were occupied. The rooms on the second and third floors are used for hotel purposes, except two suites that are permanently occupied. Altogether there are 66 rooms in the hotel. These rooms have also been furnished under the present ownership in an excellent way and an examination of the building now shows it in good condition from the basement to the roof.

In addition to refurnishing the rooms, extensive changes were made in the hotel office, the box office and corridor of the theater, together with still other changes in the theater proper. Earnings were turned into improvements steadily with the end in view of putting the property into its present fine condition. The transfer which is soon to be made does not include any of the fixtures or furnishings of the building, these remaining the property of Messrs. Hopper & Hofmann.

An Expensive Building

The Grand Opera building was erected by William R. Routt, Charles Routt and J. H. Osborne. An old brick store building once belonging to the Henderson estate was torn down to make room for the building. The original cost was something more than \$120,000 and large sums were spent by the owners in succeeding years. For a considerable period the late W. R. Routt was the sole owner of the building and he finally sold it to the Frank Parrish Realty company of Kansas City. This company in turn sold the property to Michael Dore and, as already mentioned, the title was conveyed by Mr. Dore to the Hopper-Hofmann company. This transfer was made about two years ago.

The theater and hotel have both been so well managed that they have been profitable during the entire period of ownership and this same efficient management soon made the whole building usable and filled it with tenants. As a part of their plan Messrs. Hopper & Hofmann have succeeded in holding down the operation costs in such a way that the building has made a return ample for a large investment.

T. D. and T. J. McVay, who will soon own the property, are large realty operators and have been interested in a number of Jacksonville properties in recent years. They have some extensive land holdings in Pike county and are men of ample means.

Well Managed by Owners.

While the inside story of various ownerships thru which the Opera House building has passed have not been made public, it has been common knowledge that a number of these owners lost heavily on the property. They evidently did not give the intelligent and business like attention to the property that it merited, for with the application of business principles that the Jacksonville young men gave there came a period of prosperity. Messrs. Hopper & Hofmann have had various opportunities to sell the property to advantage but chose to wait until it had reached the condition they at first had in mind—the property in high class condition with all rooms occupied.

Charles Price recently passed the examination prepared by the state board of optometrists and is now authorized under the state law to have an office and practice optometry. Mr. Price has a complete stock of glasses and is ready at any time to examine your eyes and suggest the glasses needed.

RIVER IS RECEIVING.

Naples, Feb. 8.—The Illinois river has receded two and one-quarter inches in the last twenty-four hours and not much ice is flowing. The stage is now about twenty inches below the highest point this year. The Scott county levee can stand four or five feet higher water. Flood conditions generally are improving.

Miss Mabel Sanderson has returned to Jacksonville after a visit to Orillia, Canada.

GRACE CHURCH PASTOR'S AID SOCIETY HELD ANNUAL MEETING

Review of Year's Work Shows Large Activities With Good Results—Substantial Contributions Made to Church Treasury—New Officers and Committees.

The regular February meeting of the Pastor's Aid society of Grace church was held Tuesday afternoon when reports for the year were presented. It was a year of helpfulness and progress in various ways. The welcome committee reported 2,000 calls made during the year, bringing cheer to the church's sick members. The church reported a financial thirpy committee reported a donation of \$10 to the Empty Stomach club of the church and a free lunch given to the Y. M. C. A. workers; 58 quarts of fruit and 7 glasses of jelly to Passavant hospital; provisions sent to numerous needy families. The Domestic committee reported large additions to the dining room service including glassware and a complete new set of dishes. Numerous rugs were made during the year by the Needlework committee.

But it is not possible in this report to mention in detail all of the good work done.

In October a successful rummage sale was held and the ladies assisted in a benefit tea for the Associated Charities. The October luncheon was served the Jacksonville Woman's club and a Christmas bazaar was held with a good amount cleared.

Dinner was served every night during the Passavant hospital campaign to the workers.

The six circles of the society have worked continuously and are gratified to have paid \$1,000 during this year toward the church debt; \$15 to Passavant hospital, and pledged \$50 to the hospital campaign fund.

A tribute was paid to Mrs. T. J. Pitner, who for ten years has served as treasurer and regret expressed at her resignation.

The officers chosen for the year were as follows:

"BOB" PARTY FOR CHILDREN.

In honor of Helen and Edward Cleary a sleighing party was given Tuesday night by Mr. and Mrs. L. O. Vaught. First the children, sixteen in number, gathered at the Vaught home, where an excellent supper was served at 5 o'clock. Afterward came two hours and more with all the boys and girls tucked into a big sled. All over Jacksonville they went and out in the suburbs and a merrier party never went on a like expedition. Mr. and Mrs. Vaught and Mrs. Cleary accompanied the party, and after the delightful ride and just about 8 o'clock the boys and girls were left at their respective homes.

MCCLURE TO OPPOSE MINER.

J. E. McClure of Carlinville, editor of the Carlinville Democrat, has been a candidate for member of the Republican state central committee, opposing L. H. Miner of Springfield, the present member, who is a candidate for re-election.

EQUAL SUFFRAGE

The Illinois Equal Suffrage association reports new societies joining its ranks every day, as well as increased activity among its affiliated organizations throughout the state.

The new president of the National American Woman Suffrage association, Mrs. Carrie Chapman Catt, has asked that an Illinois conference of the heads of suffrage organizations and organizations which have endorsed suffrage be called to meet in Chicago during this first week in February. The purpose of this conference is to discuss informally the area following propositions:

1. Plan and discussion of the congressional organization for Illinois.
2. Best methods of working for the federal amendment.

3. Demonstration for the political conventions in June.
The visiting ladies greatly enjoyed this hospitality and the time for leaving arrived all too soon. The state is glad to have Plymouth with them and it is hoped the affiliation may prove mutually helpful.

TO ATTEND CELEBRATION.
State President Frank Correa received an invitation Tuesday to the 12th anniversary celebration at Canton, Monday, Feb. 14 of the aerle of that place. It is possible that several will attend from Jacksonville.

BIDS ARE ASKED.
Proposals are hereby asked for 3,024 feet of six-inch class B cast iron water pipe, together with fittings, to be delivered as directed by the city. Bids will be received until 10 a. m. Monday, February 14, and must be accompanied by a certified check for one-tenth of the purchase price.

letter from the state university which contained information regarding lectures and demonstrations of interest to this new club, which might be secured by it.

It was in Plymouth, as is so often the case, that the pastors were present and were a help and an inspiration to the meeting. Rev. Cole and Rev. Woodfin very ably assisted in the formation of this new organization.

Mrs. Blanche B. West of Bushnell and Mrs. Stella Holloway McClurg of Monmouth addressed the meeting and secured their affiliation with the Illinois Equal Suffrage association. Mrs. Aleshire took Mrs. West and Mrs. McClurg to her beautiful home where they met the genial Mr. Aleshire, who assured the guests that he had done his full duty as "Husband of the Club" during the afternoon, in caring for the house, looking after the children, and had even prepared a couple of fowls for dinner in anticipation of company.

The visiting ladies greatly enjoyed this hospitality and the time for leaving arrived all too soon. The state is glad to have Plymouth with them and it is hoped the affiliation may prove mutually helpful.

Johnson, Hackett & Guthrie

February Sperry Magazines have arrived. 24c Green Stamps always here. Many ladies are taking

advantage of our man-tailored skirts. When you can buy a skirt made of Capps & Sons mannish materials, all wool and made to your order for the price of the ordinary ready made skirt, why shouldn't every lady have a skirt to fit? You know the cheap ready made has no individuality; usually made of 50 part wool goods and generally has to be altered. We are getting near the hundred mark. Ladies who bought a skirt want another. It is nice just to select your material and say you have my measure. It's no trouble at all. This helps you to a new suit too. Have your jacket made here and you'll get a tailor made suit cheaper than the suit. More ladies have skirt making departments to good dressing that's been done. This be worn so much and

usual cheap made to sell remarked about our ment as one of the first than any other thing year waists are going to and good separate skirts are a necessity. We make them from \$1.25 to \$2.25. Just think, an ACCORDEON PLATED SKIRT FOR \$1.25. Just buy your material and we do the rest for \$1.25. We want you to know more about our skirt making. We are getting in nice new materials for dresses and skirts. Some of the prettiest and newest silks for waists, styles that are scarce now and later you can't get them at all. The early bird this year will be the one that gets nearest to what she wants. There's going to be a big shortage. But don't forget to investigate the skirt proposition at

MISS IRENE O'CONNELL TO WED MR. THOMAS MANDEVILLE

Approaching Marriage Feb. 22 Announced at Party Given Tuesday by Miss Anna Mandeville.

Miss Anna Mandeville entertained a company of forty friends at her home south of the city Friday evening, at which time the approaching nuptials of Miss Irene O'Connell, daughter of Mr. and Mrs. Thomas O'Connell and Mr. Thomas Mandeville, son of Mrs. John Mandeville, both of the Murrayville neighborhood, was announced. The wedding is to be solemnized Tuesday, February 22, at St. Bartholemew church, Murrayville.

The near marriage was cleverly announced in the form of a play case in which the principal characters were the bride and groom elect. The evening was pleasantly spent in playing progressive euchre in which prizes were won by Miss May Ober and Mr. Lee Flynn. The remainder of the time was spent in music and dancing and delightful refreshments were served. Mr. Luke Mandeville of Rochester, New York was among the out of town guests present.

HONOR FOR GARM NORBURY

Garm Norbury, who is in the medical department of Harvard, was recently honored by the award of the John Harvard scholarship. At the recent convocation President Lowell announced this as the first of the six honor awards thus made. Mr. Norbury carried off the honor in his sophomore year, as Colonel Goethel's son did in the junior year, and both of them were again honored this year. There are three hundred students in the medical department, eighty-seven of them in the junior class. The scholarship is solely a matter of honor and has no relation to tuition.

Miss Ada Wiggins of the region of Alexander spent a part of yesterday in the city.

MRS. REBECCA WOOD METCALF IS CALLED BY DEATH

Passes Away at Family Home on Hardin Avenue Tuesday—Funeral Services Will be Held Tomorrow.

Mrs. Rebecca Wood Metcalf, who had been in delicate health for some time passed away Tuesday morning at 6:30 o'clock at the family residence, 223 Hardin avenue. The immediate cause of her death was paralysis.

Her maiden name was Rebecca Wood and she was born August 12, 1839 in Suffolk County, England. In 1853 she came with her parents to America and the family settled in Jacksonville.

She received her education from the Illinois Woman's College and graduated from the school in 1858. Following her graduation she taught in the Jacksonville public schools until her marriage to George R. Metcalf September 29, 1870. Two children were born to this union, Nannie, who died at the age of three years and Albert C. Metcalf of this city. Mr. Metcalf died August 14, 1913. She was the last of seven children to pass away.

Mrs. Metcalf early in life joined Centenary Methodist church, then known as East Charge. She has always taken a great interest in the various departments of the church and was devoted to the work of her Master up to the time of her death. She was a woman of lovable disposition and her influence for good was ever present. For the past two years she had been an invalid, unable to walk, yet she ever displayed a true christian fortitude and bore all her afflictions and sorrows with an uncomplaining spirit. She loved to do good and to help her friends in every time of need. Mrs. Metcalf ever took a deep interest in the Woman's college and was always ready to labor for its advancement.

Funeral services will be held from the residence, 223 Hardin avenue, Thursday afternoon at 3 o'clock in charge of Rev. G. W. Haggas assisted by Dr. Joseph R. Harzer. Burial will be made in Jacksonville cemetery.

The remains will be taken from Gillham's undertaking parlors to the family home Thursday morning and can be viewed there until the hour of the funeral.

Friends are kindly asked to omit flowers.

A BEAUTIFUL GIFT.

I have a potted fern on my table, sent to me a few weeks ago by a friend. During this time eight new leaves have developed with their tender tips and beautiful tints of pale green. I named it Mottie Fern. I say to the nurse, don't forget to give Mottie Fern a drink when the days are bright. I say, nurse, give Mottie Fern some sunshine, and as I watch the little plant doing so well, and growing so nicely I am thankful for the many friends who remember me.

REV. E. B. LANDIS ACCEPTS PASTORATE OF WESTMINSTER

Writes From Denver That He Will Be Ready for His Work Here not Later Than March First—Period of Church Activity is Looked for.

Rev. E. B. Landis, who was called to the pastorate of Westminster church at a meeting held Sunday, has indicated that he will accept the call and expects to begin his work here March 1, or possibly a few days earlier. Mr. Ensley Moore of the supply committee yesterday received the following letter from Rev. Mr. Landis indicating his intentions:

"Dear Mr. Moore: I received your letter containing the call to become pastor of your church in the afternoon mail. As I gave you word when in your city if the call was made on these terms I would accept, hence I will reply saying that I will take the work as it is offered and pray the Lord's blessing upon our action.

"In pursuance to the order of our church, I am taking steps at once to be released from my present pastorate and as you know the change will take a short time. I think that I can be on the field by the first of March, possibly a week earlier, but I can let you know later about that.

Yours very truly,

E. B. Landis.

Members of the church who heard Rev. Mr. Landis preach two sermons here several weeks ago were very favorably impressed and they found him pleasant to meet also. Those familiar with Rev. Mr. Landis' work commend him in the highest terms, and Westminster people believe that the church will now start in upon a new period of activity and usefulness.
